EDITORIAL

If there was a festival month within UVCE, then we would say it was this month of February. The buzz inside the campus has shown enough interest and future. We have been very happy with the kind of response, any and every event we have organized, has evoked. It was not just about the events from our basket but the self-driven groups and events. Every aspect of these have been laudable. This clearly shies all the shenanigans, about having the content ready for the SAMPADA, away from our minds that we usually have while drafting the SAMPADA every month.

This month began with the end of exams and turning the final year students more nostalgic as they near the end of their college days, the brisk placement season back in action and most importantly, students have shown enough zeal to do things. The usual restraint and sleepy attitude is not seen these days.

A bright, upcoming engineer -Srinivasgowda accepted the challenge we had presented him with regarding the building up of a new CounterStrike Map and came out with brilliantly made maps after he put in lot of efforts on it. We never would miss to commend such an effort and we had organized a counterstrike day and the same map has been put to use to make sure all the gamers within UVCE get to see those maps. It was an enthralling day with much appreciation towards Srinivasgowda's efforts. Many students participated in the event.

An ebullient group from the final year has taken up the baton to start a kannada group in facebook that aims at educating the UVCEians about kannada and karnataka. They have been one group that has garnered much visibility due to their idea of 5 questions a day quiz. They have also started personal-ity introduction. We wish them all the best and we need such groups to build the bonding amongst students and also to bridge the gap for the non-karnataka students with the local students.

UVCE was once in again in news for the wrong reasons when one of the leading tabloid published a scathing article regarding the sorry state of affairs with respect to hostel and other facilities within the college. We hope that these notings are seriously considered and a facelift be given to the 6th oldest engineering college in India which has been a home to highly talented budding engineers of the country.

As we had promised during our last edition, we have started a quiz session that aims at making the students gain reasoning skills required to face the placement tests and also to build the competitive spirit through the contest that gives points and awards the one with the highest points. We have been getting positive response regarding the same.

This month our beloved principal, Dr, Venugopal K R, being honored with Anna University National Award in recognition of his contribution to the academic community and the students.

And finally, we were very happy to have taken out few students for lunch who have supported us with their time, energy in making many programmes of Team VisionUVCE, a grand success. We hope that they support us with more vigor in the future as well.

As we said, this has been festival-like month in UVCE and we certainly enjoyed savouring the moments and we hope that you too will.

Thanks,

Team Sampada

QUIZ LOUNGE

In the last edition of Sampada, we had plans to initiate a list of ideas where students could take back something. We have gotten serious about it and the first initiative to see the light of the day is, The Quiz Lounge.

The Quiz Lounge is an initiative attempted towards developing the competitive spirit amongst the students and the concept has been drawn from the likes of TestFunda. The competitions over there in that website had made us sit glued to the computers so much that we never used to even move aside from the screen until we answer those questions. We had to score well to get good points and the associated goodies. In a similar vein, this idea also is built upon. Since we don't have the infrastructure for an online web competition, we post the questions in FaceBook and expect the students to mail us the answers. And all the questions posted are such that they test the analytical and reasoning skills of the students. And the end of some questions, we vote the topmost winner, the one with highest points and give him some goodies.

We have been getting good response from the students and we hope that more students will trickle the answers down. And the end of this initiative, we bask in the happiness of achieving two things. One is to build that competitive spirit amongst the students and the other is to inculcate the analytical and reasoning skills which is a much needed aspect for students taking part in placement process and as well as from the personality development perspectives too. We all request you to send across such analytical questions that we can post on the group.

Thanks,

Team SAMVAADA.

Team VisionUVCE is coming up with a new initiative called, FaceBook Samvaada. It is an idea where in we invite UVCE from various fields to come online for an hour and answer all the queries one posts through online replies, chat replies etc..!

So we are hereby inviting all our alumni to actively take part in this programme and make sure you can impart the knowledge you have gained over in your respective field of work. We are starting the program during 3rd week of March and we request you all to let us know your availability for the same by sending a mail across

at samvaada@visionuvce.in by 15th of March.

UVCE News

- Our Principal is a proud recipient of Anna University National Award instituted by the Anna University for the year 2010 for his contribution to the field of education and his academic brilliance. The article can be found at, <http://www.deccanherald.com/content/118345/uvce-principal-felicitated.html> .
- A group of students in the final have done something that is truly out of box. They have shot a short movie, titled, COCKTAIL. This is their second try at movie making after the initial blockbuster, BEATING ALL THE ODDS. You can find the movie at, <http://www.facebook.com/RavinProductions>. Do catch the same.
- UVCE has always hogged limelight more often for positive reasons however this time around, there were signs of negative publicity with respect to the facilities at the disposal for the students usage particularly the hostel and labs. The article can be found at, http://www.dnaindia.com/bangalore/report_this-is-how-uvce-turns-them-into-engineers_1649011 . Now, UVCEians, this is a bad thing that reflects on each one of us and we should take these issues up and make sure we give UVCE a facelift. So please join hands and give back to UVCE.!

VisionUVCE Challenge

This was one challenge that came out from our garage without much fanfare and pompousness. And there it lied in shells with nobody noticing it until an interesting gamer, Srinivasgowda, came up with his version of the UVCE Map.

To provide a background of this challenge -From our team we have been trying to close the gap between the students and alumni by concentrating and putting time and energy on various aspects within UVCE that we found had lacked notice. One amongst them was the sports and was the need of the day. So we told why not start a gaming arena and introduce competitions and that was when this idea of inviting competitors for the challenge - making a UVCE map for the counterstrike game, culminated. So we put out the posters on notice board and we had not shown much importance to it and so it was lying in sidelines until Srinivasgowda came up with his version of maps. They just took us aback and we were all gung ho about the amount of

work he had put in to make sure they were up and usable. Everyone who saw the rushes were amazed at the work and praises followed continuously. Team VU has awarded Srinivasgowda with a small token of appreciation for all the efforts that he put in for and mainly for the zeal he has exhibited.

We decided to make sure this got much deserved publicity and organized a counterstrike gaming day for the UVCEians making use of the maps created by Srinivas and to our surprise, many students rushed to take part in the event to make it a huge success. We owe this success to Srinivas and we all appreciate his efforts and hope that he continues to be oozing energy like he does all through the future.

**Thanks

Dr. Venugopal K R - Feted for his unquenchable thirst to imbibe

Dr. Venugopal K R, is a very well personality amongst the academic fraternity known for his insatiable desire to serve the field of education and help students who have done remarkably well for the technical arena. He was once again was the obvious choice for his undying service to the uphold the state of education at the highest level. He was feted by the Anna Univeristy amidst huge fanfare that echoed across the regions surrounding the majestic Town Hall on 1st of March, 2012. This function was attended by highly acclaimed personalities from various fields and various walks of life. This award was a witness to the acknowledgement one gets for the great service he does in his capacity.

Dr. Venugopal K R belongs to a genre of Outstanding Educationists. He has been a teacher, friend and mentor to students from varied socio-economic backgrounds. His professional career in UVCE has been growing over the past 38 years as a student, student representative, as a teacher, representative of teachers and now as its administrator.

A down to earth personality known for his simplicity, charitable nature, dedication, honesty and sincerity in his approach. He is a role model for younger generations of our Country.

A student, Spoorthy G Shivu, who has seen the function from the close corners had following words to echo,

“ It is of great honor for me to write about the day which made all UVCEians feel proud. Yes, that was the day where we could see our Principal Dr.Venugopal K R being felicitated for his outstanding contribution towards Higher Education and Research. He is the epitome of simplicity, dedication, integrity and sincerity and believes in staying grounded and humble in spite of many degrees lining after his name. He is a high minded teacher with strong desire to make a positive impact on his students. More than 300 people witnessed this function on 1st March 2012 in Town Hall and we, all the UVCEians, were proud of him and his achievements. We were indeed honored to be a part of the felicitation of our dear Principal. His teachers and friends were certainly not on a competition when all of them bestowed praise and accolades saying he always consider his college a temple where his students are all God and it is no exaggeration that he is called “walking encyclopedia” and “pride of Karnataka”. We were also blessed to listen to eminent speakers talking on Value Based Education System, Challenges in India, Impact of Science and Technology and many other topics. I am pretty sure that his name will be immortalized in the annals of UVCE and I am proud to be one of his students. Congratulations Sir!!! “

Words of appreciation flew from all the corners with testimonials that mark the popularity he carries from thousands of people.

This was resounded on all major dailies and one snippet of the same, we could pick up, was,

<http://www.deccanherald.com/content/118345/uvce-principal-felicitated.html>

We hope he carries forwards his enthusiasm to serve the young democracy of India and shows the way forward for the young'uns.

Buddying Over a Theatrical

It was a re-union of a different sort where the theme was a fun filled evening by meeting one's batchmates and catching up with one's buddies over a movie directed by one of them. It was a proud moment and at the same time, was an enjoyable fair. Yes, Sridhar from 1987 batch Mechanical came up with an idea of organizing a special screening of the new Ramesh Aravind' directorial, "Nammanna Don" for the UVCE alumni at the Bhoomika movie hall near KG Road. The screening was attended by the much acclaimed, highly talented Ramesh Aravind, who coincidentally is from 1987 UVCE mechanical batch and also the lead actor in the movie, director and has donned many hats as part of this output. This innovative idea garnered good crowd of UVCEians from various batches. And it needless to say how colourful the atmosphere inside the hall will be when a bunch of good old UVCEians meet their folks. There will be lot to catch up to, lot to smile about, lot to share and most importantly savour the joy of meeting all again.

We from the VU team were never gonna miss this one and also few of us being movie buffs and ardent Ramesh's fans, would have been a sole reason for us to attend. We got a chance to meet Mr. Ramesh, who enquired about the college with a wide eyed enthusiasm and showed keen interest when we told him slew of things that is getting UVCE on tabloids regularly. There were many hostel students too who were there to catch up on the movie. Over the time, we got a chance to mingle with few of our alumni who were keen to know about the progress that has been made over since the team VisionUVCE came up and

MegaReunion happened. We were glad to answer all their queries and make note of all the suggestions and feedback for us.

The alumni with their families seemed to have a good time with the alumni meeting their batchmates and their family enjoying the movie. We for sure, enjoyed the movie and we also laud the efforts of Sridhar who strived hard to make sure there was a sizeable crowd of UVCE alumni who came to the show.

Any Plans of meeting your batch-mates marked on the calendar..??

Do let us know and we would love to facilitate the same and also would love to cover it. Send across those happy snaps and emotions depicted through articles to us. We promise you that we will publicize it to all our Sampada readers.

Day out with Team VisionUVCE

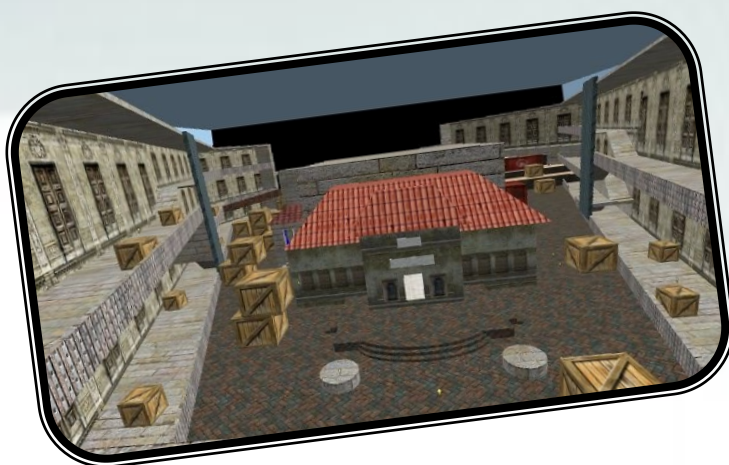

The Vision UVCE group has been doing many things to bring the alumni and the students together. The treat that the VU team decided to offer us was also one such effort. I, along with my few other friends, was invited for the treat. I expected it to be a formal lunch wherein only ideas and plans would be discussed but it turned out to be completely different. We were told that we were being treated because we were active in the group and it was overwhelming to be recognized.

We first met near the Lecture Complex where many of our seniors greeted us. I and my friends spoke to our seniors about the plans we had, and the discussion was on. From the alumni side, Satish and Lomesh were present. They appreciated our ideas and spoke more to us about it. We were planned to be treated in Hotel Nisarga which was a 15-20 minutes walk from college. The walk to Nisarga with 15-20 others was a complete fun-filled walk. While we reached, the hotel was full and we had to wait for sometime until few tables got vacated. Within few minutes, all of us were seated and I, along with my friends Shruthi, Madhuri, Chandana and Anwesha sat over one table.

While we were chit-chatting before the food was being served, Satish came over and told us that Nisarga used to be their hangout place when they were in college and after today's lunch, I and my friends have decided to make it our hangout spot as well. He also told us that the 'Holige' was the best dish there and insisted that we taste it. Indeed, it was very tasty ! The lunch was also very tasty and we enjoyed a lot while having our fill. At the end of the day, team Vision UVCE was again successful in bringing the alumni and the students together. We got to know the Alumni side better and also got to know many of our seniors who we had not known, earlier. All in all, it was a fun-filled day where I enjoyed a lot. Thank You Team Vision UVCE!!

Counter Strike—it is !!!

Basically I am very interested in playing computer games especially shooting games . I wasn't even knowing that it was possible to make cs maps. It was VU which helped me realize that it was possible. When I saw that there was a VU challenge I thought let me try it ,the main reason was that we use to organize the CS gaming in our college during Fests and making others play in the map created by us , I thought it was really a good Idea , thus I started working on creating a simple map which finally ended up

Front View of Minchu in UVCE CS map

with UVCE map which was the VU challenge , thank god it got finished. UVCE Cstike map – All credits go to Twisted Transistors and VU.

Like to play CS ??? Then let us play in our adda . Let Terrorist plant the bomb, CT protect the college.....)

Without VU challenge I am sure that their wouldn't be an UVCE CS map.

ಕಳೆದ ವರ್ಷವು ಇದೇ ರೀತಿಯ ಸಂತೋಷಕೂಟ "ವಿಶನ್ ಯು.ವಿ.ಸಿ.ಇ" ತಂಡದಿಂದ ಏರ್ಪಾಡಿದ್ದಿದ್ದನ್ನು ಸ್ಮರಿಸಬಹುದು. ಆದರೆ ಇಂದು ನಮ್ಮ ಮಿತ್ರವೃಂದದ ಸಂಖ್ಯೆ ಜಾಸ್ತಿಯೇ ಇತ್ತು.

ಎಲ್ಲರೂ ಒಂದೆಡೆ ಸೇರಿ ನಿಂತು ಛಾಯಚಿತ್ರ ತೆಗೆಸಿಕೊಳ್ಳುವುದು ಒಂದು ಸಣ್ಣ ಸಾಹಸವೇ ಆಯಿತು :) ಏಕೆಂದರೆ ಹೋಟೆಲ್ ಗೆ ಇದ್ದ ದಾರಿಯು ಸಂಪೂರ್ಣವಾಗಿ ನಮ್ಮಿಂದ ಆವರಿಸಿತ್ತು. ಅಂತೂ ಇಂತೂ ಲೋಮೇಶ್ ಕ್ಷಣಾರ್ಧದಲ್ಲಿ ಕ್ಯಾಮರಾ 'ಕ್ಲಿಕ್' ಎನಿಸಿ, ತದನಂತರ ತಾವೂ ಫೋಟೋಗೆ ಪೋಸ್ ನೀಡಿದ್ದು ತಮಾಷೆಯಾಗಿತ್ತು. ಇವತ್ತಿನ ವಿಶೇಷಗಳಲ್ಲಿ ಸತೀಶ್ ಅವರ ಸಹೋದ್ಯೋಗಿಯಾದ, 'ಸಂಪದ'-ದ ಒಂದು ಸಂಚಿಕೆಯ ಸಂಪಾದಕಿಯ ಬರೆದಿದ್ದ ದೀಪಾ ಅವರೂ ನಮ್ಮ ತಂಡ ಸೇರಿಕೊಂಡಿದ್ದು ಒಂದು.

ಅಲ್ಲಿಂದ ಕಾಲೇಜಿಗೆ ವಾಪಸ್ಸಾದ ನಾವು ಮತ್ತು ನಮ್ಮ ಮಾತುಗಳನ್ನ ಮುಂದುವರೆಸಿ ವಿಷಯ ವಿನಿಮಯ ಮಾಡಿಕೊಂಡೆವು. ಈ ಎಲ್ಲಾ ಸಂತೋಷದ ಕ್ಷಣಗಳನ್ನ ಹಂಚಿಕೊಂಡ ನಂತರ ನಮ್ಮ ನಮ್ಮ ಮನೆಗೆ ತೆರಳಲು ಸಿದ್ಧರಾದೆವು.

Sir M V's Speech - Words of Wisdom from the eminent

This section of the speech is the continuation from the previous edition where it was initiated. We recommend you to go through the previous edition so that you will be able to appreciate the views of this visionary and genius..!

... I recently had occasion to consider how many important sections or divisions there were in the present day engineering profession. I found that at least 20 branches of engineering were receiving attention at the present time. The more important of these are:-

Civil Engineering

Mechanical Engineering

Electrical Engineering

Hydro-Electric Engineering

Marine Engineering

Mining Engineering

Sanitary Engineering

Power Engineering

Topographical Engineering

Chemical Engineering

The newly developing Nuclear Engineering.

And so on.

For the present, that is, for 15 or 20 years more, the men who follow this profession in any of its branches in the English language are likely to earn a substantial living, because they will be creating valuable products and income for the country in which they live.

Hitherto Government tendency has been to import machinery in large quantities; latterly foreign technicians are also being employed in addition. This diminishes the chances of our technical experts developing their thinking and creative power. By the import of foreign machinery crores of money are going out of the country. So long as this handicap is maintained, there will be a check on the growth of technical knowledge and enterprise in the country.

There are men in this country like the late Walchand, Birlas and the Tatas who have shown great enterprise and developed big works. Many such men will come to the front if sufficient encouragement is given to enterprise. I have mentioned more than once before the cases of Dr Rm. Alagappa Chettiar of Madras and Mr. G. D. Naidu of Coimbatore.

We have a large population and the country is backward ion industries. There is an enormous amount of work to be done. Business public are keen on it. At the present time, very large sums of money are spent both by the Government and the public on the purchase of automobiles, aircraft, many kinds of machines like locomotives and other machinery.

ಯುವಿಸಿಇ ಕನ್ನಡ ಗೆಳೆಯರ ಬಳಗ

ಕಳೆದ ಹಲವಾರು ಸಂಚಿಕೆಗಳಿಂದ ನಾವು ಕಾಲೇಜಿನಲ್ಲಿ ಹೊಸ ಕಂಪನ್ನು ಸೂಸುತ್ತಿರುವ ಹೂಗಳ ಕುರಿತು, ಅರ್ಥಾತ್ ವಿದ್ಯಾರ್ಥಿಗಳ ಕುರಿತು, ಅವರ ಚಟುವಟಿಕೆಗಳ ಕುರಿತು ಮಾಹಿತಿ ನೀಡುತ್ತಾ ಬಂದಿದ್ದೇವೆ. ಈ ಹೊಸ ಹೂಗಳ ಗುಚ್ಛಕ್ಕೆ ಮತ್ತೊಂದು ಸೇರ್ಪಡೆ - "ಯುವಿಸಿಇ ಕನ್ನಡ ಗೆಳೆಯರ ಬಳಗ". ತನ್ನ ಹೊಸ

ಪ್ರಯೋಗಗಳಿಂದ ಹಲವರನ್ನು ತನ್ನೆಡೆಗೆ ಆಕರ್ಷಿಸುವಲ್ಲಿ ಸಫಲವಾಗಿರುವ ಈ ತಂಡ, ಫೇಸ್‌ಬುಕ್ ಸಾಮಾಜಿಕ ತಾಣದಲ್ಲಿ ಸದಾ ಚಟುವಟಿಕೆಯಿಂದ ಕೂಡಿರುತ್ತದೆ.

ನವೆಂಬರ್ ೧, ೨೦೧೧ ಕನ್ನಡ ರಾಜ್ಯೋತ್ಸವದಂದು ಸ್ಫೂರ್ತಿ ಜಿ ಶಿವು, ಸತೀಶ್ ಉಜ್ಜಿನಿ, ದಾದಾ ಖಾಲಂದರ್ - ಇವರುಗಳಿಂದ ಈ ಗುಂಪು ಆರಂಭಗೊಂಡಿತು. ಪ್ರಾರಂಭದ ದಿನಗಳಲ್ಲಿ ಕನ್ನಡ ಹಾಗೂ ಕರ್ನಾಟಕದ ಬಗ್ಗೆ ಹಲವಾರು ಉಪಯುಕ್ತ ಮಾಹಿತಿಗಳನ್ನು, ಶಿಕ್ಷಣವನ್ನು ನೀಡುವಲ್ಲಿ ಸಫಲವಾಯಿತು. ವಿದ್ಯಾರ್ಥಿಗಳಲ್ಲಿ ಕನ್ನಡದ ಕುರಿತು ಜಾಗೃತಿ ಮೂಡಿಸಲು ಸಹಕಾರಿಯಾಯಿತು.

ಇತ್ತೀಚೆಗೆ ಕರ್ನಾಟಕದ ನೆಲ-ಜಲ-ಭಾಷೆ-ಕಲೆ-ವೈಭವಗಳನ್ನು ಕುರಿತು ರಸಪ್ರಶ್ನೆಗಳನ್ನು ಪ್ರಾರಂಭಿಸಿದ್ದಾರೆ. "ದಿನಕ್ಕೆ ಐದು ಪ್ರಶ್ನೆಗಳು" ಎಂಬ ಈ ಸರಣಿ ಎಲ್ಲರಿಗೂ ಬಹಳ ಉಪಯುಕ್ತವಾಗಿದೆ. ಇದಿಷ್ಟೇ ಅಲ್ಲದೆ, ಮುಂಬರುವ ದಿನಗಳಲ್ಲಿ ಕನ್ನಡದಲ್ಲಿ ಪ್ರಬಂಧ-ಕವಿತೆ ರಚಿಸುವ ಸ್ಪರ್ಧೆಗಳನ್ನು ಏರ್ಪಡಿಸುವ ಹುಮಸ್ಸಿನಲ್ಲಿದ್ದಾರೆ. ಕರ್ನಾಟಕ ಮತ್ತು ಕನ್ನಡದ ಕುರಿತಾದ ಇವರ ಪ್ರೀತಿ ಮತ್ತು ಅಭಿಮಾನ ಇತರರಿಗೆ ಮಾದರಿಯಾಗಲೆಂದು ಅಶಿಸುತ್ತೇವೆ. ನಿಮ್ಮ ಈ ಪ್ರಯತ್ನಕ್ಕೆ ವಿಷನ್ ಯುವಿಸಿಇ ತಂಡ ಸದಾ ಬೆನ್ನೆಲುಬಾಗಿರುತ್ತದೆ.

Feedback & Suggestions

We indeed admit that this edition had to be delayed and we regret that fact and make sure we won't commit the mistake again. And this has been one edition which showcases various hidden talents within our campus and we hope that you will all appreciate them. And we have kick-started various initiatives and one of them, FaceBook Samvaada, is an initiative that needs your help with you being in the seat to answer queries students have. Please do register for it by 15th March by sending a mail to tosamvaada@visionuvce.in . Like ever again, please do send in all you memories, photos and those enjoyable moments within UVCE to us and we would love to publish them.

Thanks
