## EDITORIAL

ಎಲ್ಲರಿಗೂ ಕನ್ನಡ ರಾಜ್ಯೋತ್ಸವದ ಹಾರ್ದಿಕ ಶುಭಾಶಯಗಳು. ಅದೆಷ್ಟು ಬೇಗ ಮತ್ತೊಂದು ಕನ್ನಡ ರಾಜ್ಯೋತ್ಸವವನ್ನು ತಲುಪಿಬಿಟ್ಟೆವು ಅಲ್ಲವೇ? ಹಿಂದಿನ ನವೆಂಬರ್ ಕೆಲವೇ ದಿನಗಳ ಹಿಂದೆ ಬಂದಿತ್ತಲ್ಲವೇ ಎಂದು ನಾವು ಯೋಚಿಸುವುದು ಸಹಜವೇ ಸರಿ. ಆದರೆ ಈ ಒಂದು ವರ್ಷದ ಅವಧಿಯಲ್ಲಿ ಎಣಿಸಲಸಾಧ್ಯವಾದ ಬದಲಾವಣೆಗಳು ಸದ್ದಿಲ್ಲದೆ ಆಗಿಹೋಗಿದೆ. ನಮ್ಮ ದೇಶ, ನಮ್ಮ ರಾಜ್ಯ, ನಮ್ಮ ಬೆಂಗಳೂರು ಮತ್ತು ನಮ್ಮ ಕಾಲೇಜ್ ಕೂಡ ಒಂದು ವರ್ಷದ ಹಿಂದಿದ್ದಂತೆ ಉಳಿದಿಲ್ಲ. ಈ ಎಲ್ಲಾ ಬದಲಾವಣೆಗಳನ್ನು ಮನಸ್ಸಿನಲ್ಲಿರಿಸಿ ಹೊಸ ಸುದ್ದಿಸಮಾಚಾರಗಳನ್ನು ಈ ತಿಂಗಳಿನ ಸಂಪದದ ಮೂಲಕ ನಿಮ್ಮ ಮುಂದಿಡುತ್ತಿದ್ದೇವೆ.

ಈ ತಿಂಗಳು ನಮ್ಮೆಲ್ಲರನ್ನೂ ಬರಸಿಡಲಿನಂತೆ ಅಪ್ಪಳಿಸಿದ ಸುದ್ದಿ ಕನ್ನಡ ಚಲನಚಿತ್ರಲೋಕದ ಮೇರು ನಟ ಪುನೀತ್ ರಾಜಕುಮಾರ್ ಅವರ ಹಠಾತ್ ನಿಧನ. ಬಾಲ ನಟರಾಗಿಯೂ, ಈ ತಲೆಮಾರಿನ ಆದರ್ಶ ನಾಯಕ ನಟರಾಗಿಯೂ ಹೆಸರಾಗಿದ್ದ ಪುನೀತ್ ಅವರು ಸಹಜತೆ ಹಾಗೂ ವಿನಮ್ರತೆಯ ಪ್ರತಿರೂಪವಾಗಿದ್ದರು. ಹಲವರ ಕಲಾರಾಧನೆಗೆ ಅವರೇ ಸ್ಪೂರ್ತಿಧಾತ. ಅವರ ಚಲನಚಿತ್ರ 'ಪೃಥ್ವಿ'ಯನ್ನು ನೋಡಿ ತಾನೂ ಕೂಡ ಸಮಾಜವನ್ನೇ ಬದಲಿಸುವ ಅಧಿಕಾರಿಯಾಗುತ್ತೇನೆ ಎಂದು ಭಲದಿಂದ ಮುಂದೆ ಸಾಗಿದ ಯುವಜನತೆಯ ಸಂಖ್ಯೆ ಸಾವಿರಾರು. ಇಂತಹ ಸುಂದರದ ವ್ಯಕ್ತಿತ್ವ ಇಂದು ನಮ್ಮೊಡನೆಯಿಲ್ಲ ಎನ್ನುವುದು ಬಹು ದುಃಖದ ಸಂಗತಿ. ಪುನೀತ್ ರಾಜಕುಮಾರ್ ಅವರ ಕುಟುಂಬಕ್ಕೆ ನೋವನ್ನು ಭರಿಸುವ ಶಕ್ತಿಯನ್ನು ದೇವರು ನೀಡಲಿ.

ನನ್ನ ಹಾಗೂ ಸಂಪದದ ನಂಟನ್ನು ಇಲ್ಲಿ ಹಂಚಿಕೊಳ್ಳಬೇಕು. ಮೂರು ವರ್ಷಗಳ ಹಿಂದೆ ಹೀಗೊಂದು ದಿನ ಹರ್ಷ ಅಣ್ಣ ಮತ್ತು ನಾನು ಲೋಕಾಭಿರಾಮವಾಗಿ ಹರಟುತ್ತಿದ್ದೆವು. ಆ ಸಂದರ್ಭದಲ್ಲಿ ಅವನು ಹರಟೆಯನ್ನು ಬದಿಗೊತ್ತಿ ಧಟ್ಟನೇ ಸಂಪದದ ಭಾಗವಾಗುವ ಮನಸ್ಸಿದೆಯೇ ಎಂದು ಪ್ರಶ್ನಿಸಿದ. "ಯುವಿಸಿಇ ಹುಣ್ಣ"ದಲ್ಲಿ ಭಾಗವಹಿಸಿದ್ದ ನನಗೆ ಯುವಿಸಿಇ ಹಾಗೂ ಅದರ ಶ್ರೇಷ್ಠ ವಿದ್ಯಾರ್ಥಿವೃಂದವನ್ನು ಅರಿಯಲು ಇದು ಒಳ್ಳೆಯ ಅವಕಾಶವೆಂದು ಅನಿಸಿತು. ಅಂದಿನಿಂದ ಕಾಲೇಜಿನ ಆಗುಹೋಗುಗಳನ್ನು ಅವಲೋಕಿಸುತ್ತಾ ನನ್ನ ಸಣ್ಣ ಅಳಿಲು ಸೇವೆ ಸಲ್ಲಿಸುತ್ತಿದ್ದೇನೆ. ಈ ವರ್ಷ ನನ್ನ ವಿದ್ಯಾಭ್ಯಾಸವೂ ಪೂರ್ಣಗೊಂಡಿರುವುದರಿಂದ ನಾನು ಕಾಲೇಜಿನ ದಿನಗಳನ್ನು ಮೆಲುಕು ಹಾಕಲು, ಕಾಲೇಜನ್ನು ಮನದಲ್ಲಿ ಹಸಿರಾಗಿರಿಸಲು ಇದಕ್ಕಿಂತ ಉತ್ತಮ ಮಾಧ್ಯಮವಿಲ್ಲ.

ಯುವಿಸಿಇ ಅಲ್ಲಿನ ನಾಲ್ಕು ವರ್ಷಗಳ ಕಲಿಕೆಯನ್ನು ಅಷ್ಟು ಸುಲಭವಾಗಿ ಪದಗಳಲ್ಲಿ ವಿವರಿಸಲಾಗದು. ಬಹುಶಃ ಕೆಲವು ಕಲಿಕೆಗಳ ಗೂಢಾರ್ಥವಾಗಲಿ, ಉದ್ದೇಶವಾಗಲಿ ಇಷ್ಟು ಬೇಗ ಅರಿವಿಗೆ ಬರುವುದಿಲ್ಲವೇನೋ! ಇನ್ನೂ ಕೆಲವು ವರ್ಷ ಬದುಕನ್ನು ಬದುಕಿದ ಮೇಲೆ ಅವು ನಿಚ್ಚಳವಾಗಿ ಗೋಚರಿಸಬಹುದು. ಆದರೆ ಈಗ ನಾನು ಯಾವುದೇ ಅಂಜಿಕೆಯಿಲ್ಲದೆ ಹೇಳಬಹುದಾದ ಕಲಿಕೆಯೆಂದರೆ ಪರಿಶ್ರಮಕ್ಕೆ ಯಾವಾಗಲೂ ಬೆಲೆಯಿದೆ. ಇಲ್ಲಿ ಸಿಗುವ ಅವಕಾಶ ಮತ್ತು ಹಿರಿಯ ವಿದ್ಯಾರ್ಥಿಗಳ ಮಾರ್ಗದರ್ಶನದ ಜೊತೆಗೆ ನಮ್ಮ ಪ್ರಯತ್ನ, ಪರಿಶ್ರಮವಿದ್ದರೆ ಫಲಿತಾಂಶ ಜಾದೂವಿನಷ್ಟೇ ಸರಾಗ.

ಅದಿರಲಿ, ಈಗ ಯುವಿಸಿಇ ಮತ್ತು ಕನ್ನಡದತ್ತ ಬರೋಣ. ನಿಮಗೆಲ್ಲರಿಗೂ ತಿಳಿದಿರುವಂತೆ ಯುವಿಸಿಇ ಚೇತನ ನಮ್ಮ ಕಾಲೇಜಿನ ಕನ್ನಡ ಸಂಘ. ನಾ ಮೊದಲು ನೋಡಿದ ಚೇತನಕ್ಕೂ ಈಗಿನ ಚೇತನಕ್ಕೂ ಬಹಳ ವ್ಯತ್ಯಾಸವಿದೆ. ಚೇತನ ಎಂದರೆ "ವಾಕ್ಯಮರ" ಚರ್ಚಾಸ್ಪರ್ಧಿಯನ್ನು ಆಯೋಜಿಸುವ ಕ್ಲಬ್ ಎಂದು ಹಲವರು ಭಾವಿಸಿದ್ದ ಕಾಲವೊಂದಿತ್ತು. ಅವೆಲ್ಲವನ್ನು ಮೀರಿ ಬೆಳೆದಿರುವ ಸಂಘ ಸ್ವತಂತ್ರವಾಗಿ ಕಾರ್ಯಕ್ರಮಗಳನ್ನು ಮಾಡುವ ಹಂತಕ್ಕೆ ಬಂದಿದೆ. ಕೋವಿಡ್ ಕಾರಣಾಂತರದಿಂದ ಮುನ್ನೆಲೆಗೆ ಬಂದ ಆನ್ಲೈನ್ ವಾಹಿನಿಗಳನ್ನು ಚೇತನ ತಂಡ ಸಮರ್ಪಕವಾಗಿ ಬಳಸಿ ಹೊಸ ಮುಖಗಳನ್ನು ಸಂಘದತ್ತ ಸೆಳೆಯುತ್ತಿದೆ ಮತ್ತು ಕನ್ನಡದ ಕುರಿತಾದ ಕೆಲಸವನ್ನು ಮಾಡುತ್ತಿದೆ. ಈ ಕಾರ್ಯ ಹೀಗೇ ಸಾಗಲಿ ಎನ್ನುವುದೇ ನಮ್ಮ ಆಶಯ.

ಕನ್ನಡವನ್ನು ಉಳಿಸಲು ನಾವೇನು ಮಾಡಬೇಕೆಂದು ಯೋಚಿಸುವವರಿಗೆ ಚೇತನ ಸಂಘ ಉದಾಹರಣೆಯಾಗಬೇಕು. ಕನ್ನಡದ ಉಳಿವಿಗೆ ಎಲ್ಲರೂ ಹೋರಾಟ ಮಾಡಲೇಬೇಕು ಎಂದೇನಿಲ್ಲ. ಕನ್ನಡವನ್ನು ಮಾತನಾಡುತ್ತ, ಕನ್ನಡ ಸಾಹಿತ್ಯ ಹಾಗೂ ದಿನ ಪತ್ರಿಕೆಗಳನ್ನು ಪ್ರತಿದಿನ ತಪ್ಪದೆ ಓದಿದರೂ ಸಾಕು. ಆಗ ಮಾತ್ರ ಬದಲಾವಣೆ ಸಾಧ್ಯ.

ಬದಲಾವಣೆ ಎಂದೊಡನೆ ನೆನಪಾಯಿತು ನೋಡಿ. ಹೊಸ ಬದಲಾವಣೆಗಳ ಕುರಿತು ಸ್ವಲ್ಪ ಹೇಳಲೇ ಬೇಕು. ನಮ್ಮೆಲ್ಲರ ನೆಚ್ಚಿನ "ವಿಷನ್ ಯುವಿಸಿಇ" ಯು ಯುವಿಸಿಇ ಜಿಎ(UVCEGA) ಯೊಂದಿಗೆ ವಿಲೀನವಾಗುತ್ತಿದೆ. ಅದರ ಕುರಿತಾದ ವಿಸ್ತೃತ ವರದಿ ನಿಮ್ಮ ಮುಂದಿಡುತ್ತಿದ್ದೇವೆ. ಹಾಗೆಂದ ಮಾತ್ರಕ್ಕೆ ಯಾವುದರ ಉದ್ದೇಶವಾಗಲಿ, ಕಾರ್ಯವೈಖರಿಯಾಗಲಿ ಬದಲಾಗುತ್ತಿಲ್ಲ! ಸಂಪದ ಹಾಗೂ ವಿಷನ್ ಯುವಿಸಿಇಯ ಹಲವು ಯೋಜನೆಗಳು ಮೊದಲಿನಂತೆಯೇ ಮುಂದೆ ಸಾಗಲಿದೆ. ಮಾರ್ವೆಲ್ ಆರ್ ಆಂಡ್ ಡಿ ಲ್ಯಾಬ್ ಕುರಿತಾದ ಮಾಹಿತಿಯು ಈ ಸಂಚಿಕೆಯಲ್ಲಿ ಪ್ರಕಟವಾಗಿದೆ.

ನಮ್ಮ ಯುವಿಸಿಇ 1983ರ ವಿದ್ಯಾರ್ಥಿಯಾಗಿದ್ದ ಶ್ರೀಯುತ ಪ್ರಕಾಶ್ ಬೆಳವಾಡಿಯವರು ರಂಗಭೂಮಿಗೆ ನೀಡಿದ ಕೊಡುಗೆಯನ್ನು ಪರಿಗಣಿಸಿ ಕರ್ನಾಟಕ ರಾಜ್ಯ ಸರ್ಕಾರವು ಅವರಿಗೆ ರಾಜ್ಯೋತ್ಸವ ಪ್ರಶಸ್ತಿ ನೀಡಿ ಗೌರವಿಸಿದೆ. ಇದೊಂದು ಹೆಮ್ಮೆಯ ಕ್ಷಣವಾಗಿದ್ದು ನಾವೆಲ್ಲರೂ ಅವರಿಗೆ ಹೃತ್ಪೂರ್ವಕ ಅಭಿನಂದನೆಗಳನ್ನು ಸಲ್ಲಿಸುತ್ತಿದ್ದೇವೆ. ಈ ಸುಸಂದರ್ಭದ ಪ್ರಯುಕ್ತ ಅವರ ಸಂದರ್ಶನವನ್ನು ಮರುಪ್ರಕಟಿಸುತ್ತಿದ್ದೇವೆ.

ಈ ಸಂಚಿಕೆ ತಮಗೆಲ್ಲರ ಮೆಚ್ಚುಗೆಗೆ ಪಾತ್ರವಾಗಲಿದೆ ಎನ್ನುವುದು ನಮ್ಮ ಆಶಯ. ಮತ್ತೊಮ್ಮೆ ಕನ್ನಡ ರಾಜ್ಯೋತ್ಸವದ ಹಾರ್ದಿಕ ಶುಭಾಶಯಗಳು.

"ಕನ್ನಡವೇ ಸತ್ಯ, ಕನ್ನಡವೇ ನಿತ್ಯ."

## MARVEL - SETTING A FLARE FOR LEARNING

A month has passed since MARVEL was inaugurated. Efforts from team MARVEL continues to be made to cover all bases and render the research and development lab, a near flawless system where inducted students can learn and develop skills to become pioneers in their field of interest. After elaborate research, consultation and cross-checking, most of the syllabus for each of the domains under MARVEL is nearing completion. The draft of the syllabus can be found on the official MARVEL website (<http://uvcemarvel.in/>)

In our latest purchase of equipment, we have bought systems relevant to the IoT field, like the Amazon Echo Dot, Raspberry Pi and Jetson Nano. In addition to this, components that constitute an autonomous flying drone have also been procured. All in all, the lab currently hosts equipment and components worth well over six lakh rupees. As noted in the previous article, this is a part of phase-1 operations.

MARVEL sent out applications for registering students through online mode. The registration process takes a holistic approach, inquiring about the following:

- Interest expressed in various domains
- Past accomplishments, and
- Record of previous work (in the form of github repositories, blogs etc.)
- Other relevant certifications
- Their interest in being involved in future MARVEL operations

Prior to opening registrations, we held a doubt-clearing session where registrants could ask questions regarding MARVEL and understand exactly what it's purpose and mission was. Concurrently, the MARVEL team learnt a great deal about what the student community expects from us. Such one to one understanding provides invaluable insight and allows us to focus on providing all our attention to students. We are happy to share that we have received an overwhelming response from the student community. Over 100 students applied through the online portal. The shortlisting of students, using an objective metric, is underway. While we cannot accommodate every student who applied, due to resource and time constraints, we would like to stress how immensely talented and driven every applicant is.

On 23rd October, the alumni from the 1984 batch visited the UVCE campus. The MARVEL team showed them around the lab and explained the mission and vision of MARVEL. We are glad to have their support and encouragement in our journey. We are also deliberating on holding workshops at regular intervals to provide the students industry-oriented training with the help of alumni experts.

As always, the MARVEL team welcomes any suggestions, comments and feedback from the alumni and student community. It is only with your generous financial support and backing that we have come this far. By the next edition of Sampada, the first batch would have begun regular operations. Stay tuned for more!

## BUGS OF UVCE

Your next task is to pay semester exam fee through DD.

When you sit 10 hrs in front of computer to make a living while there are people out there getting paid for telling "HOD illa amel banni"

We are always amazed by the creativity of making satire or fun of the facts that each of us see in UVCE in a very subtle manner with the trending MEMES!! Kudos [@Bugs of UVCE](#). We would like to reiterate that none of these posts are meant to hurt someone's feelings, but to be taken in a light-hearted manner !!

## IN TALK WITH PRAKASH BELAWADI

Prakash Belawadi is a renowned theatre and film personality, activist and journalist. He is a part of namma UVCE alumni fraternity having graduated from the 1983 Batch of Mech. **We have good news! Prakash Belawadi has been conferred with the Karnataka Rajyotasava Award for 2021. This is proud moment for the UVCE Alumni family and here's wishing him CONGRATULATIONS!**

Team Sampada had the honour of interviewing him for namma UVCE Avalokana and he is the snippet from our conversation with him:

**Team Sampada: What are your most fond memories of UVCE as a student?**

**Prakash Belawadi:** The time I spent with my close group of friends, who were also my lab and project batch mates between 1979-83 Mechanical is one of the memorable ones at UVCE. Although I wasn't as good a student as the other four or five in my group - NS Kumar, Mahabaleshwar Hegde, BS Ranganathan or Narayana Murthy, they were generous enough to let me be a part of their discussions involving studies, science and technology, sports and politics. We spent a lot of time together off - campus too.

**TS: What are your thoughts about student's involvement now as compared to during your days of engineering?**

**PB:** I have no means of comparing, but some of the differences seem obvious: There is no student unionism of a political character. I know that many parents feel that's a good thing, but I'm not so sure. I feel bright young minds must be part of the social and political discourse, especially so because they are from streams outside of the subjects categorized as humanities. Also, I feel the respect and importance enjoyed by the sciences has diminished significantly now. Today's young seem even more focused on career and financial success than before. I fear we, as a society, have become more settled on accepting the certification of "second rate minds". One happy thing was that though we didn't have much money those days, riding cycles or buses, we would pool money to buy text books. Poverty didn't hurt us too much because we were happy to cooperate with each other so readily.

**TS: What inspired you to adopt theatre/films as a career after being an engineer? Was UVCE a part of the influence and if it did, how?**

**PB:** It began as an accident of birth. I come from a family interested in theatre. My parents first met each other backstage when my father did make-up for my mother and the house my father built a few years after their marriage was called 'Green Room'. I wasn't a studious person and by the time I reached my 10th semester, I was already immersed deeply in theatre. But my engineering discipline helped me a lot in my theatre, TV and film work later - as a lighting designer, writer and director.

**TS: In your view, how do you think UVCE has contributed in developing namma Bengaluru, be it in terms of technological advancement or in general as a society?**

**PB:** Although things appear somewhat grey on that score, I believe that the story of UVCE is not yet done. A great paradox is that this great engineering college, named after a technological achiever of international repute, has not played a major role in the emergence of Bengaluru as a centre of digital and technological innovation. I think when the institution is freed from the usual problems of government-controlled bodies, it will rediscover its genius and play its role in this city's destiny.

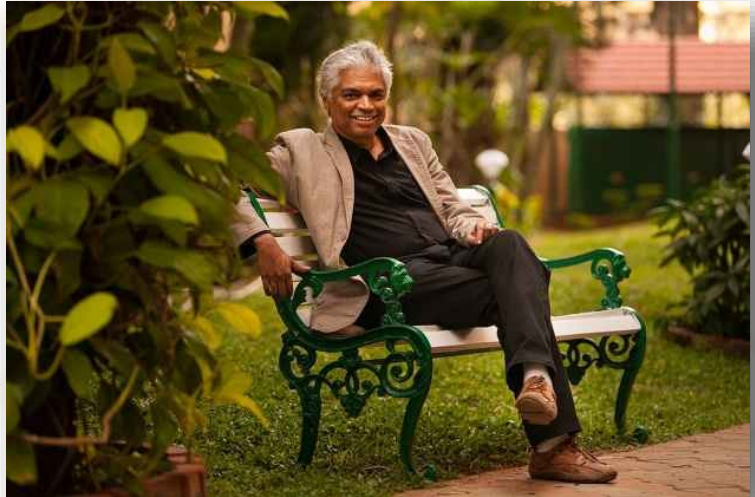

We have seen how an ornamental tree contained in a bonsai pot can explode into its full majestic size when it breaks the pot and finds true nourishing ground. UVCE, right now, boasts of a legacy of the past, but it holds the promise of a great future. I believe in that future.

**TS: UVCE has completed a centenary journey, at this point and occasion what do you think the authorities foresee for UVCE's growth and how should they act upon it?**

**PB:** The grip of politicians and fixers on education will loosen as more opportunities open up for both students and teachers. As the supply of engineering seats has increased well beyond demand, the importance of quality education has reestablished itself. It's now 'gear up or perish', whether the organization is government- or private-owned.

At this juncture, capable alumni who are high achievers and who are driven by idealism should find channels of negotiation with the state government to free this institution from the stranglehold of political fixers and rent seekers to set it on its path to glory. A wide consultative process could begin right now as we get past its centennial.

**TS: The Alumni Network of UVCE is very vast, how do you think the alumni should get involved and give back to UVCE?**

**PB:** Like I said, by participation in a discourse on its future, to start with. A database of all batches, covering 100 years, with student names, could be published on a website. The students could be asked to join the UVCE alumni association - if the existing one is active or by forming a new one - by paying a small fee. A four-line bio of members could be given, with access to send or receive direct messages between members. Alumni could be invited to participate further by contribution, in cash or expertise to establish a corpus fund and devise a grand proposal for UVCE's next 100 years. A road map could be arrived at by this process. A trust could be established for the purpose with celebrity alumni. If one such exists, this is the time to reach out.

## OBITUARY

With profound grief, we inform you all of the sad demise of Dr. Devaraj V, Retired Professor of Civil Engineering Department, UVCE. He was our very own UVCE Alumnus from 1978 batch. He had completed Masters (Structures) from IISc and later PhD from Bangalore University.

We at UVCEGA pray that his soul rests in peace and that his family finds the strength to bear this loss.

# IEEE DAY @ UVCE

Date: 8th October, 2021

Venue: Rock Garden, UVCE

With moist in the air and joy in our hearts IEEE DAY celebrations at UVCE began with full spirit. Celebrations began with the cake cutting at 3:00 PM. We were honoured to have our faculty members cut the cake. The event was delightful with the presence of teachers and students from all branches.

The auspicious event gradually moved to a fun treasure hunt after the cake cutting ceremony, in which a series of clues had to be solved by the participants that directed them to different places in the college where they had to collect the required materials. Once the time limit for the treasure hunt was over, the participants had to make a shooting material in order to shoot the paper cups with the bullets collected in the course of the treasure hunt. A participant from each team shot the paper cups with the bullets collected enthusiastically. The winners were declared at the conclusion of the event based on the points scored by them for shooting the paper cups.

The celebrations concluded with the distribution of T-shirts for IEEE members of the year 2021 and Impetus 21.0 volunteers and organizers.

## VISIONUVCE MERGER WITH UVCEGA

We, the Trustees of VisionUVCE, had a series of brainstorming sessions amongst ourselves and few of the well-wishers of the VisionUVCE Trust regarding the way ahead for VisionUVCE. Since, we are already under the umbrella of UVCE Graduates Association, we proposed to dissolve VisionUVCE as a Trust and merge it as an integral part of UVCEGA. There were lot of discussions about the pros and cons of this and finally we decided to move ahead with this merger.

These were the major points which led us to arrive at this decision:

- Already being officially under the banner of UVCEGA for over 18 months, all our activities under VisionUVCE is being communicated as being under the umbrella of UVCEGA.
- Having same office bearers (and multiple organizations) may lead to confusion among the alumni community about the goals and objectives of both organizations.
- We like to turn our focus on creating ONE strong and wide alumni platform, which is a member based organization.
- This will help in focussing the entire effort to build strong organization and to be identified as the official alumni organization in the long run.

We would like to thank all of you for your support in the past 12 years to sustain and build VisionUVCE into the state it is today. Without your encouragement, VisionUVCE would not have been able to organize the initiatives like Sampada, Samvaada, VU Champs, UVCE Jaatre, Sammilana, Vinimaya, Best Class, Scholarships, UVCE Payana, Centenary Marathon, Avalokana (Centenary Souvenir) successfully during this short period. We are also very proud to announce that with help from our alumni, we have been able to financially assist multiple initiatives, one of which is the VU Scholarships. In the last 10 years, around 40-41 lakhs worth of scholarships were distributed to more than 380 students. We will be publishing detailed finance report along with an overall activities report in the coming edition.

As mentioned earlier, Vision UVCE as a trust after 10 years since its inception has decided to merge with UVCE Graduates Association which was started as a membership based entity to reach and engage more UVCE alumni, faculty and students. UVCE Graduates Association was started 2 years ago with an intention to support our college and foster the pride of being a part of UVCE in every graduating student. This is in no way the end of journey for VisionUVCE, but just a new beginning in a different form. Looking forward for your continuous support and encouragement!

- **Satish A G, VisionUVCE**
