EDITORIAL

Every time the editorial is needed, we think to ourselves, is it going to be business as usual with UVCE.! But surprisingly we've never had to do go through that mindset as there's something to cheer about UVCE and it has been in a continuum.

These days we have been going to lot of weddings of friends who were from our batch which is an indication that people from our batch will be busier going forward and the support we used to get from then would certainly die down gradually. This brings us to the aspect of looking out for fresh minds and as expected it has been real hard to find them. We have had our seniors regularly visit UVCE once they were out and we have been there in college often however we have observed that the same attachment has dwindled with the recent batches and it is not a good sign. If we take the example of any successful initiative, there is a record of successful passage of responsibilities that were handled with fresh set of ideas. That is what we are craving for. Yes, we have been doing it and we definitely will take it a longer mile but freshness is something that won't happen until there's a change of ideas and outlook. So we hereby urge all the UVCEians to join hands with us to do our bit for UVCE.

Team VisionUVCE will be completing 3 years during September and we have a slew of plans that we want to come out with. Take this as an initial invitation to help us make those plans a success. Scholarships are something we are betting big on, Vinimaya is in nascent stages and few more initiatives afresh are in offing too. So there's lot of scope to help UVCE and there's good amount of practical learning too. So get in touch with us to get closer to UVCE.

This edition of sampada will feature our own professor from Mech department who has created ripples in the field of implants that could as well be a boon for the field of orthopedics. We sure will try to give it a good visibility.

And the champions are back..!! The new VU champs have been announced and they're the buddies who have stepped ahead to do their bit for UVCE and we rightfully recognize them for their efforts. And that's not it. Our batch-mate Sanju has been a instrumental guy in propelling students to join UVCE in his native and also has been wonderful flag-bearer of UVCE.

We have Shrvanathi to give us an account of the last 7 years – that includes her UVCE and post-UVCE experiences. I'm sure many would relate themselves to what she has to share. And we have Dattanna gracing the article in Sampada and adding colour to this edition. And we have a student who wants to share his thoughts, experiences and his journey to IIM.

And above all, we have Sir MV guiding us through his wonderful and thought provoking speech. With hopes that we could ring a bell in every UVCEians heart...

**Thanks,
Team SAMPADA**

30 Editions of Sampada and if you glance through them, you can identify various wards upon which you can get back to your alma mater. So we would like you all to come forward to know what's going with UVCE and we're pretty sure, you'd be tempted to take part in the highly active zone of giving back..!

Reach out to us at contact@visionuvce.in for more details.

Implanting a life saver for millions around the world..!

City prof shows the way to cheaper, lighter implants, News - City - Bangalore Mirror, Bangalore Mirror
www.bangaloremirror.com
A Bangalore-based mechanical engineer has made the

A Bangalore-based mechanical engineer has made the world sit up and take note after he created implants that could change the future of orthopaedic surgery. If tests are successful, it would

mean the end of expensive and heavy metal implants that patients the world over have to deal with.

The 40-year-old H G Hanumantharaju, assistant professor of mechanical engineering at University Visvesvaraya College of Engineering (UVCE), Bangalore University, and his team of students have been busy working on cost-effective bio-material objects that could either repair or replace defunct human organs.

First on their list is creating light-weight and cost-effective leg implants for which Hanumantharaju earned a Ph D degree from Bangalore University last week. His students have also been working on synthetic kidneys and stents that could replace actual nerves in the human body.

Lowcost implants

Hanumantharaju told Bangalore Mirror, "I was drawn towards the concept of biomedical equipment that work on the principles of mechanical engineering. As it helps people directly, I decided to work on bio-material equipment." Several rounds of interactions with reputed orthopaedic surgeons and cardiologists from Bangalore and elsewhere revealed that patients are fitted with stainless steel grade titanium alloy which is heavier, making walking difficult. In more than 50 per cent cases, the implants fail, he explained. One reason for this is the density. The normal density of the bone is 2000 kg/m³ or 2 gm/cc. But the density of existing implants in the market is 8000 kg/m³ or 8 gms/cc.

"The change in the density was the major culprit and I began looking for alternative material whose density could either match human bones or weigh little less. Extensive study, testing and rigorous research of existing literature yielded us the alternative PEEK or Polyether etherketone, alumina, a ceramic material, and hydroxyapatite coating material which is made of fish bone and egg white," explained Hanumantharaju.

The materials were subjected to five different kinds of tests including strength, corrosion, wearing property and toxic elements. Any material that is inserted into the human body should withstand corrosion. This apart, the equipment undergoes a lot of wear and tear due to a great deal of movement. But all these material showed enough strength to withstand these effects. "Further, we added features like filling PEEK sticks with 30 per cent glass powder to give it more stability," said Dr H K Shivanand, associate professor of mechanical engineering at UVCE and Hanumantharaju's Ph D guide.

Global accolades

Not limiting himself to his Ph D thesis, Hanumantharaju took his invention to the global level by presenting papers at several international seminars, including Indian Institute of Science (IISc) in Bangalore, Cairo in Egypt, Greece, US and Bangkok where many appreciated his work. "We are now approaching the Medical Council of India (MCI) to conduct in-vivo and in-vitro tests where these implants will first be tested on mammals like cats and dogs before being tried on humans."

Engineer turns medico

Though a mechanical engineer, medical engineering is not a new subject for Hanumantharaju. Born into a family of desi doctors who cure bone fractures through native techniques, Hanumantharaju always wanted to do something useful for society instead of working on machines and software that never directly help people.

"My grandfather is known as Kaikattu Muniyappa around Nelamangala. Later on, my father Ganga Hanumaiah too followed in his footsteps after retiring as a government school teacher. My family background led me towards bio-material technology - designing artificial human body parts. I was instrumental in introducing the subject as one of the optionals during the M Tech degree. No other engineering or medical college or IITs in India have this subject and we are proud to have it," he said.

AN UNEXPECTED, YET BEAUTIFUL TRANSFORMATION CALLED UVCE

There's just something magical about our college – UVCE. It's quite impossible to express in words the 4 years that have passed by, all that I've done while at this college, the special friends I've made and what this college means to me. I'm just going to write a short piece here of what I felt like before joining this college and how I feel like now after the metamorphosis.

When I selected this college during the CET counselling, I really didn't know what to expect after hearing so many mixed reviews. There were the bad ones – Only College under Bangalore University, Government college, Infrastructure Is lacking, no teachers and then there some good ones – Excellent Placement, experienced faculty, lots of free time and the like. At the end, I chose this college at the words of some of the alumni I knew. Since then, there's never been a moment I've ever had to look back in regret at the decision.

The experiences during these 4 years have been simply fantastic and plentiful. I have so many funny, stupid, emotional, naughty and never forgettable memories attached to the college, its teachers and my friends. With 4 fests annually, it's assured that there's something to keep looking forward to and working towards. An active IEEE student branch has assured that I was constantly in the midst of many of the activities happening- Kagada, Impetus, Programmers club being the main and in parallel constantly learning so many things- technical and managerial. The college offers a mixed bag that just seem to blend amazingly well with each other- A set of best friends, batch mates, seniors, juniors and teachers each of who have equally contributed to making life better. Seniors are always there to share their experiences and teach you the tricks of the trade. Similarly it's a special feeling when I spend time with juniors. Share my experiences and help them find their own way. Batch mates, well spending 4 years with them, almost all of them end up becoming a friend in some way or the other. Best friends are always there for all your experiences, and we get to know each other inside out. Despite it being the end of the college journey, I know nothing much will change as we will continue to remain the same best of buddies and we've got many things planned up to give back to our college. Last and definitely not the least, teachers are really helpful in their trust in us students to do things for ourselves, yet keeping an overseeing eye upon us and re-directing us whenever we're lost. They also allow us to have enough free time for us to learn other things and ensure there are plentiful of extra-curricular activities for us to indulge ourselves in.

Before UVCE, I would say I was just another average student with not much knowledge of the world, but a passion to learn and grow. But this college has transformed me, instilled courage to be brave in whatever decision I take and face the challenges that may come. I've learnt how to think out of the box and be a pioneer. Learnt things like how to manage resources and time, work with others, etc. Most importantly I've learned to take things with a smile and find joy in everything that we do. Overall, I feel a transformed person and am more confident not just to stand on my own two feet but also help others get there. Because of that, I feel, this is definitely the place to study engineering and become a real "ENGINEER". And that's why I love my UVCE- a place inscribed forever into my heart.

ದತ್ತಣ್ಣರವರೊಂದಿಗೆ ನೆನಪಿನಂಗಳದಲ್ಲಿ ...

ಮೆಗಾರಿಯೂನಿಯನ್ ಕಾರ್ಯಕ್ರಮದಲ್ಲಿ ಬಿಳಿಗೂದಲು, ಬಿಳಿಗಡ್ಡೆ ಇದ್ದು, ಖಾದಿ ಜುಬ್ಬು ತೊಟ್ಟು ಬಹಳಷ್ಟು ಜನ ಬಂದಿದ್ದರು. ಆದರೆ, ಒಬ್ಬರನ್ನು ನೋಡಿದಾಗ, " ಎಲ್ಲೋ ನೋಡಿದ ಹಾಗಿದ್ದಿಯಲ್ಲಾ" ಎಂದು ಅನಿಸಿತು. ಆಗಲೇ ಗೋತ್ತಾಗಿದ್ದ ಅವರು, "ಮಾಯಾಮೃಗ" ದ 'ಶಾಸ್ತ್ರಿ' ಎಂದೇ ಖ್ಯಾತರಾದ ದತ್ತಣ್ಣನವರು ಎಂದು. ಆಗಲೇ "ನಂಪದ"ಗೆ ಇವರ ಸಂದರ್ಶನ ಇರಲೇಬೇಕೆಂದು ನಾವು ನಿರ್ಧರಿಸಿದ್ದು.

ಇವರ ಸಂಕ್ಷಿಪ್ತ ಪರಿಚಯ:

ಪೂರ್ಣ ನಾಮಧೇಯ - ಹೆಚ್.ಜಿ.ದತ್ತಾತ್ರೇಯ ;
ಹುಟ್ಟಿದ ವರ್ಷ/ಊರು - ೧೯೪೨/ಚಿತ್ರದುರ್ಗ;
ತಂದೆ-ತಾಯಿ - ಹರಿಹರ ಗುಂಡೂರಾವ್, ವೆಂಕಮ್ಮ;
ಎಂಜಿನಿಯರಿಂಗ್ ವಿಭಾಗ- ಎಲೆಕ್ಟ್ರಿಕಲ್
ಇತರ ವಿವರಗಳು- ಐಐಎಸ್‌ಐಯಿಂದ ಎಂಇ ಪದವಿ,

ಭಾರತೀಯ ವಾಯುದಳದ ನಿವೃತ್ತ ವಿಂಗ್ ಕಮಾಂಡರ್; ಹೆಚ್.ಎ.ಎಲ್ ಕಾಲೇಜಿನ ಮಾಜಿ ಪ್ರಾಂಶುಪಾಲರು.

ಬಾಲ್ಯದಿಂದಲೂ ರಂಗಮಂಚದ ಬಗ್ಗೆ ಒಲವು ಹೊಂದಿದ್ದ ಇವರು, ಹಲವಾರು ನಾಟಕ-ಸಿನಿಮಾ-ಸಾಕ್ಷ್ಯಚಿತ್ರ-ಧಾರಾವಾಹಿಗಳಲ್ಲಿ ಅಭಿನಯಿಸಿದ್ದಾರೆ. ಬಿ.ವಿ.ಕಾರಂತ್, ಎಂ.ಎಸ್.ಸತ್ಯು, ಜಿ.ವಿ.ಅಯ್ಯರ್, ಗಿರೀಶ್ ಕಾಸರವಳ್ಳಿ, ಪಿ ಶೇಷಾದ್ರಿ, ನಾಗಾಭರಣ ಮುಂತಾದ ಘಟಾನುಘಟಿಗಳ ಜತೆ ಕೆಲಸ ಮಾಡಿದ್ದಾರೆ. "ಮುನ್ನುಡಿ", "ಮೌನಿ", "ಆಸ್ಪೋಟ" ಮುಂತಾದ ಹಲವಾರು ಪ್ರಶಸ್ತಿ ವಿಜೇತ ಚಲನಚಿತ್ರಗಳಲ್ಲಿ ಅದ್ಭುತ ಅಭಿನಯ ನೀಡಿದ್ದಾರೆ. ಅವರ ಜತೆ ನಡೆಸಿದ ಒಂದು ಆಪ್ತ ಸಂಭಾಷಣೆಯ ಸಂಕ್ಷಿಪ್ತ ಭಾಗ ನಿಮ್ಮ ಮುಂದೆ:

(ನಾ) ಶ್ರೀ ಗುರುಭ್ಯೋ ನಮಃ ಎಂದು ವಂದಿಸಿ, ಗುರುಗಳಿಂದಲೇ ಪ್ರಾರಂಭಿಸೋಣ. ಯುವಿಸಿಇಯಲ್ಲಿ ನಿಮ್ಮ ಗುರುಗಳ ಕುರಿತು ಸ್ವಲ್ಪ ವಿವರ

(ದ) ಬಿ.ಆರ್. ನಾರಾಯಣ್ ಅಯ್ಯಂಗಾರ್ ಅಂತ ನಮ್ಮ ಪ್ರಾಂಶುಪಾಲರು. ಅವರು ಯುವಿಸಿಇಯಲ್ಲಿ ಬಹಳ ವರ್ಷ ಸೇವೆ ಸಲ್ಲಿಸಿದ್ದು. ಪ್ರೋ.ಚನ್ನಬಸವಯ್ಯ ಎಲೆಕ್ಟ್ರಿಕಲ್ ವಿಭಾಗದ ಮುಖ್ಯಸ್ಥರಾಗಿದ್ದರು. ನಂತರ, ಬಿಕೆ ರಾಮಯ್ಯ ಪ್ರಾಂಶುಪಾಲರಾದರು. Soil Mechanics ವಿಷಯವನ್ನು ಪರಿಚಯಿಸಿ, ಸಿವಿಲ್ ವಿಭಾಗವನ್ನು ದೊಡ್ಡದಾಗಿ ಬೆಳೆಸಿದರು. ಡಿ.ಬಿ.ನರಸಿಂಹಯ್ಯ ಬಹಳ ಒಳ್ಳೆಯ ಗುರುಗಳಾಗಿದ್ದರು. ಅವರ ಒಂದು ತರಗತಿ ಈಗಲೂ ಕಣ್ಣಿಂದ ಕಟ್ಟಿದಂತಿದೆ. ಪ್ರೊ||ಟಿ ರಮೇಶನ್ Mathematics ಕಲಿಸುತ್ತಿದ್ದು. ಅದರಿಂದಲೇ ಗಣಿತ ಅಷ್ಟು ಸುಲಭ ಅಂತ ಅನ್ನಿಸಿದ್ದು. ಅಷ್ಟೇ ಅಲ್ಲದೇ ಅವರು ಒಳ್ಳೆಯ ನಟರೂ ಆಗಿದ್ದರು. ಅವರು ಮತ್ತು ಆಗ ಇದ್ದ Librarian ಜತೆಗೂಡಿ ನಾಟಕ ಮಾಡಿದ್ದು. ಆಗ ಲೈಬ್ರರಿ ಮುಂದೆ stage ಇತ್ತು. ಅದ್ರ ಮುಂದೆ ಬೆಂಚುಗಳು ಇರ್ತಾ ಇದ್ದು (ಈಗ ಏನಾಗಿದೆ? ಅಂತ ಕೇಳಿದ್ದಕ್ಕೆ - ನಾವು , ಈಗ ಅಲ್ಲಿ ಮಿಂಚು ಇದೆ, ಮುಂದೆ Quadrangle ಮಾಡಿದ್ದಾರೆ ಅಂತ ಉತ್ತರಿಸಿದ್ದು) ನಾವು ಅಲ್ಲಿ ಕೂತು, ಮೇಲ್ಗಡೆ ಬಾಲ್ಕನಿಯಿಂದ ನಿಂತು ನೋಡುತ್ತಾ ಇದ್ದೆ. ಅವ್ರೇ ನಮ್ಮ Inspiration!! ಅವರಿಗೆ ಸ್ವಲ್ಪ ನಾಟಕದಲ್ಲಿ ಆಸಕ್ತಿ ಹೊಂದಿದವು ಬಗ್ಗೆ ಒಲವು ಜಾಸ್ತಿಯಿತ್ತು. ಆದ್ದರಿಂದ ನಾವು ಅವರ Close circleನಲ್ಲಿ ಬಂದೆ.

(ನಾ) ಸರ್, ಹೇಗಿದ್ದೂ ನಾಟಕದ ವಿಷಯ ಬಂದಿದೆ, ನಿಮ್ಮ ಪೂರ್ವಾಶ್ರಮದ ಬಗ್ಗೆ, ನಾಟಕದ ಪ್ರಥಮಗಳ ಕುರಿತು ಸ್ವಲ್ಪ ವಿವರ

(ದ) ಇಲ್ಲಿಗೆ ಬರುವ ಮುಂಚೆ ಚಿತ್ರದುರ್ಗದಲ್ಲಿ ನಾಟಕ ಅಂತ ಸ್ವಲ್ಪ ಮಾಡಿದ್ದೆ. ಬೆಂಗಳೂರಿನಲ್ಲಿ ನಾನು ಮೊದಲನೆಯ ಸಲ ರಂಗಮಂಚ ಹತ್ತಿದ್ದು, ಕೆ.ಚಂದ್ರಶೇಖರಯ್ಯ (ಹಿರಿಯೂರು) ನವರ ನಿರ್ದೇಶನದ "Dunlop Girl" ಅನ್ನೋ ನಾಟಕದಲ್ಲಿ. ಎಂಜಿನಿಯರಿಂಗ್ ಕಾಲೇಜಿನಿಂದ ಪ್ರಥಮ ಬಾರಿಗೆ ಸಾಂಸ್ಕೃತಿಕ

ಕಾರ್ಯಕ್ರಮದಲ್ಲಿ ನಾನು ನಾಟಕ ಮಾಡಿದ್ದು ಹೀಗೆ. ಅದು ಟೌನ್‌ಹಾಲ್‌ನಲ್ಲಿ Ullal Shield ಗಾಗಿ ನಡೆದದ್ದು. Ullal Shield ಅನ್ನೋದು ಆಗ ಪ್ರಖ್ಯಾತ InterCollegiate Theatre Fest ಆಗಿತ್ತು. ಎಂಜಿನಿಯರಿಂಗ್ ವಿದ್ಯಾರ್ಥಿಗಳು ಅಂದ್ರೆ ಬರೀ ಡ್ರಾಯಿಂಗ್ ಬೋರ್ಡ್, ಪುಸ್ತಕಗಳು ಅಷ್ಟೇ ಆಗಿತ್ತು ಆಗ.

(ನಾ) College life ಬಗ್ಗೆ, ನಿಮ್ಮ ಅನುಭವಗಳ ಬಗ್ಗೆ ಸ್ವಲ್ಪ ಮೆಲುಕು ಹಾಕಿದೆ...

(ದ) ಬಹುಶಃ ೧೯೬೦ರಲ್ಲಿ, Student Unionನಲ್ಲಿ Cultural Secretary ಆದೆ. ಉದ್ಘಾಟನಾ, ಸಮಾರೋಪ ಸಮಾರಂಭಗಳನ್ನು ನಡೆಸಿಕೊಟ್ಟಿದ್ದೆ. ನಾವೆಲ್ಲಾ ಸೇರಿ ನಾಟಕ, ಚರ್ಚಾಸ್ಪರ್ಧೆಗಳನ್ನು ನಡೆಸುತ್ತಿದ್ದೆವು. Hostel Day ದಿನದಂದು ನಡೆಸಿದ ನಾಟಕವನ್ನು ಪೊಲೀಸರೇ ನಿರ್ದೇಶಿಸಿದ್ದರು. ಸ್ವತಃ ಅವರು, ಆರ್.ಜಿ.ಭಟ್ (VSIL ನ ಮಾಜಿ ಜನರಲ್ ಮ್ಯಾನಿಜರ್), ಚಿದಾನಂದ (ಕರ್ನಾಟಕ ವಿಶ್ವವಿದ್ಯಾಲಯದ ಮಾಜಿ ಕುಲಪತಿಗಳು), ಟಿ.ಎಸ್.ಪ್ರಹ್ಲಾದ್ (NAL), ಶಬೀರ್ ಅಹ್ಮದ್, ನಿವೃತ್ತ ಮೇಜರ್ ಜನರಲ್ ನೀಲಕಂಠಪ್ಪ- ಹೀಗೆ ನಾವೆಲ್ಲರೂ ಉತ್ಸಾಹದಿಂದ Debateನಲ್ಲಿ ಭಾಗವಹಿಸುತ್ತಿದ್ದೆವು. (ನೀಲಕಂಠಪ್ಪನವರೇ ನನ್ನ ಮೆಗಾರಿಯೂನಿಯನ್ ಕಾರ್ಯಕ್ರಮಕ್ಕೆ ಕರೆತಂದದ್ದು). ಸರ್ವೆಗಾಗಿ ಘಾಟಿ ಸುಬ್ರಹ್ಮಣ್ಯಕ್ಕೆ ಹೋಗಿದ್ದೆ. ವಿದ್ಯಾರ್ಥಿವೇತನದಲ್ಲಿ ಮೆಸ್‌ಬಿಲ್, ಸಣ್ಣಪುಟ್ಟ ಖರ್ಚುಗಳಿಗೆ ಅಷ್ಟೇ ಅಲ್ಲದೇ, ಮನೆ ಖರ್ಚಿಗೂ ಸ್ವಲ್ಪ ಉಳಿಸುತ್ತಾ ಇದ್ದೆ. ಕೆನೆರಾ ಬ್ಯಾಂಕ್‌ನ ಪಠ್ಯಪುಸ್ತಕದ loan ತೆಗೆದುಕೊಂಡಿದ್ದೆ. ಹೆಚ್ಚು ಕಡಿಮೆ ೧೨೦/- ರೂಪಾಯಿಗಳನ್ನು ಉಳಿಸಿ ತಕ್ಕಮಟ್ಟಿಗೆ ಶ್ರೀಮಂತನಾಗಿದ್ದೆ. ಜೀವನ ಅಭ್ಯಾಸ ಕೊಟ್ಟು, ವ್ಯಕ್ತಿತ್ವ ರೂಪಿಸಿದ್ದು ಹಾಸ್ಟೆಲ್. ಅದನ್ನು "School For Life Experience" ಅಂತ ಕರೀಬಹುದು.

(ನಾ) ಅದೆಲ್ಲಾ ಸರಿ ಸರ್, ಆದ್ರೆ ನೀವು ಯುವಿಸಿಇ ಕಾಲೇಜು ಸೇರಿದ್ದು ಯಾಕೆ? ಹೇಗೆ ?

(ದ) ಅಯ್ಯೋ, ಅದೊಂದು Strange Coincidence !!! ಎಸ್‌ಎಸ್‌ಎಲ್‌ಸಿಯಲ್ಲಿ ರಾಜ್ಯಕ್ಕೆ ಮೊದಲನೆಯ ರ್ಯಾಂಕ್ ನಾನು. ಪಿಯುನಲ್ಲಿ ರಾಜ್ಯಕ್ಕೆ ಎರಡನೆಯ ರ್ಯಾಂಕ್. ಮೈಸೂರಿಗೆ PCM ನಲ್ಲಿ ನಾನು ಪ್ರಥಮ ಸ್ಥಾನದಲ್ಲಿದ್ದೆ. ಆಗಿನ ಕಾಲದಲ್ಲಿ ಸಾಮಾನ್ಯ ವರ್ಗದಲ್ಲಿ ಯುವಿಸಿಇ ಸಿಗೋದು ಅಂದ್ರೆ ದೊಡ್ಡ ವಿಷ್ಯ. ನಾನು Pure Science ಅಥವಾ Arts ಅಂತ ನಿರ್ಧರಿಸಿದ್ದೆ. ಆಗ ಪಿಯು ಇದ್ದಿದ್ದೆ ಒಂದು ವರ್ಷ. ನಿರ್ಧಾರ ಮಾಡೋ ವಯಸ್ಸಲ್ಲ ನಮ್ಮ. ಮನೆಯಲ್ಲಿ ಹೇಳೋ ಮಾತೇ ಕೊನೆ. ಆಗ ೧೯೫೯ರಲ್ಲಿ ಐಐಟಿ-ಮದ್ರಾಸ್ ಶುರುವಾಯ್ತು. ತುಂಬಾ ಚೆನ್ನಾಗಿದೆ ಅಂದು- ಸರಿ ಹೋದೆ- Select ಆದೆ. ೫೦೦ ರೂಪಾಯಿಗಳು ಫೀಸ್ ಕಟ್ಟಬೇಕಾಗಿತ್ತು. ಆ ದುಡ್ಡನ್ನು ನಮ್ಮಣ್ಣ ಕಳುಹಿಸಿದರು. Fees Counter ಹತ್ರ ಹೋದವನಿಗೆ " ೫ ವರ್ಷ ಇಲ್ಲಿ ಕಳೆಯೋದು ಹೇಗೆ ? ಒಬ್ಬರು ಕನ್ನಡ ಮಾತಾಡೋರು ಇಲ್ಲ" ಅಂತ ವಾಪಸ್ ಬಂದೆ. ಅದೃಷ್ಟವಶಾತ್ , ಯುವಿಸಿಇಯಲ್ಲಿ ಅರ್ಜಿ ಹಾಕಿದೆ, ಬೇರೆ ಎಲ್ಲಾ ಪ್ರಯತ್ನವೇ ಮಾಡಿರಲಿಲ್ಲ. ಪುಣ್ಯಕ್ಕೆ ೧೬-೧೮ ಸೀಟ್‌ಗಳಲ್ಲಿ, ನಂಗೆ ಕೂಡ ಸಿಕ್ಕು.

(ನಾ) ಹಿಂದೆ ತಿರುಗಿ ನೋಡಿದ್ರಾ, ಕಾಲೇಜ್ ಜೀವನ ಆದಮೇಲೆ ಹೇಗೆ ನಡೀತು?

(ದ) ಪರೀಕ್ಷೆ ಮುಗಿದ ದಿನ, ಕಾಲೇಜಿನ ಎದುರಿನಲ್ಲೇ ಇದ್ದ Executive Engineer ಆಫೀಸ್‌ಗೆ ಹೋದೆ. ಬಾಯಲ್ಲೇ Appointment Order - ಚಿತ್ರದುರ್ಗಕ್ಕೆ ಹೋಗು ಅಂತ. ಜೂನಿಯರ್ ಎಂಜಿನಿಯರ್ ಆಗಿ ಅಲ್ಲಿ ಹೋದ್ರೆ, ಅಲ್ಲಿಂದ ಹರಿಹರಕ್ಕೆ ಕಳುಹಿಸಿದರು. ಹೇಗೋ ಕಷ್ಟಪಟ್ಟು ಚಿತ್ರದುರ್ಗಕ್ಕೆ ಬಂದು Meter & Relay Testing ಕೆಲಸ ಮಾಡ್ಕೊಂಡು ಇದ್ದೆ.(ಒಂದೆರಡು ತಿಂಗಳು ಅಷ್ಟೇ). NGF ನಲ್ಲಿ ಆಯ್ಕೆಯಾಗಿ ಬೆಂಗಳೂರಿಗೆ ಬಂದೆ. ಆದ್ರೆ, ಬಸ್ಸು-ಊಟದ ವ್ಯವಸ್ಥೆ ಇಲ್ಲ. ಬೆಳಗ್ಗೆ ೫ಕ್ಕೆ ಹೊರಟ್ರೆ ರಾತ್ರಿ ಬರೋದು ೮ ಘಂಟೆ ಆದಮೇಲೆ. ಕಷ್ಟ ಅನಿಸಿ ಅಲ್ಲಿ ಕೆಲಸ ಬಿಟ್ಟೆ. Final Year ಅಲ್ಲಿ ಇದ್ದಾಗ್ಲೇ ಸೇನೆ,ನೌಕಾ,ವಾಯು ದಳಗಳಿಗೆ ಆಯ್ಕೆಯಾಗಿದೆ. ಅದಕ್ಕೆ ವಾಯುದಳವನ್ನು ಸೇರುವ ನಿರ್ಧಾರ ಮಾಡಿದೆ. ಇಪ್ಪತ್ತೊಂದು ವರ್ಷಗಳ ಕಾಲ ಸೇವೆ ಸಲ್ಲಿಸಿ, ನಂತರ HAL Staff Collegeನಲ್ಲಿ ಪ್ರಾಂಶುಪಾಲನಾದೆ. ೧೯೮೭ರ ಸಮಯದಲ್ಲಿ ಟೀವಿ,ನಾಟಕ,ಸಿನಿಮಾಗಳಲ್ಲಿ ತೊಡಗಿಸಿಕೊಂಡೆ. ಸಮಯ ನಿರ್ವಹಣೆ ತೊಂದರೆಯಾಗಿ ೧೯೯೪ರಲ್ಲಿ ಪ್ರಾಂಶುಪಾಲರ ಸ್ಥಾನಕ್ಕೆ ರಾಜೀನಾಮೆ ನೀಡಿದೆ.

ಪಿ.ಶೇಷಾದ್ರಿ ಅವರು ಬಂದು "ಮಾಯಮೃಗ" ಧಾರಾವಾಹಿಯ ಕಥೆ ಹೇಳಿದಾಗ, ಶಾಸ್ತ್ರಿ ಪಾತ್ರ ನೀಡುವುದಾದರೆ ಮಾತ್ರ ಒಪ್ಪುತ್ತೇನೆ ಎಂದೆ. "ಮಾಯಮೃಗ" ಯಾವ ರೀತಿಯಲ್ಲಿ ಮಧ್ಯಮವರ್ಗವನ್ನು ಆಕರ್ಷಿಸಿತು ಅನ್ನೋದು ಈಗ ಇತಿಹಾಸ (೪.೩೦-೫ರ ಸಮಯದಲ್ಲಿ ಗಾಡಿಗಳು ತಿರುಗಾಡುವುದು ಕಡಿಮೆ ಆಗಿತ್ತು, ಸಭೆ-ಸಮಾರಂಭಗಳಲ್ಲಿ ಇದೇ ಚರ್ಚಾವಿಷಯವಾಗುತ್ತಿತ್ತು). "ಆಸ್ಪೋಟ" ಚಲನಚಿತ್ರಕ್ಕೆ ಮೊದಲಸಲ ರಾಜ್ಯಪ್ರಶಸ್ತಿ ಬಂತು; "ಮುನ್ನುಡಿ" ಚಿತ್ರಕ್ಕೆ "ಅತ್ಯುತ್ತಮ ಸಹಕಲಾವಿದ" ರಾಷ್ಟ್ರಪ್ರಶಸ್ತಿ, "ಶ್ರೇಷ್ಠ ನಟ" ರಾಜ್ಯ ಪ್ರಶಸ್ತಿ; "ಮೌನಿ" ಸಿನಿಮಾಗೆ ಮತ್ತೊಂದು ರಾಷ್ಟ್ರಪ್ರಶಸ್ತಿ ಬಂತು. ಇತ್ತೀಚೆಗೆ "ಬೆಟ್ಟದಜೀವ" ಚಲನಚಿತ್ರಕ್ಕೆ ರಾಷ್ಟ್ರಪ್ರಶಸ್ತಿ ಬಂದಿದೆ. ಹೀಗಾಗಿ ನನ್ನ ನಿರ್ದೇಶಕರು ನನಗೆ ಸಂತಸ ನೀಡಿವೆ.

(ನಾ) ಕಾಲೇಜಿನ ಸಮಯದಲ್ಲಿ ನಡೆದ ಕೆಲವು ಸ್ವಾರಸ್ಯಕರ ಘಟನೆಗಳನ್ನು ನಮ್ಮೊಡನೆ ಹಂಚಿಕೊಡೀರಾ?
 (ದ) ನಾವು ಕಾಲೇಜಿಗೆ ಹೋಗುತ್ತಾ ಇದ್ದಿದ್ದು ಸೈಕಲ್ ಅಥವಾ ೧೧ ನೆ ನಂಬರ್ ಬಿಟಿಎಸ್ ಬಸ್‌ನಲ್ಲಿ. ಒಂದೋ-ಎರಡೋ ಸ್ಕೂಟರ್-ಬೈಕ್ ಇದ್ದು. ಗಾಡಿ ಹತ್ತೋಕೆ ಹೋಗಿ ನಾರಾಯಣ್ ದಾಸ್ ಅನ್ನೋ ಸ್ನೇಹಿತನ ಗಾಡಿ ಬೀಳಿಸಿದ್ದೂ ಆಯ್ತು.

ನಮ್ಮ ಬ್ಯಾಚಿನಲ್ಲಿ ಬರೀ ಹುಡುಗರು ಅಷ್ಟೇ, ಹುಡುಗೀರೇ ಇರಲಿಲ್ಲ. ಅದರಿಂದ, ನಾವೇ ನಾಟಕದ ಸ್ತ್ರೀಪಾತ್ರಗಳನ್ನು ಹೇಗೋ manage ಮಾಡ್ತಿದ್ದೆ. ೨-೩ ವರ್ಷಗಳ ನಂತರ ಕೆಲವು ಹುಡುಗೀರು ಕಾಲೇಜಿಗೆ ಸೇರಿದ್ದೂ, ನಾಟಕ ಮುಂತಾದವುಗಳಲ್ಲಿ ಭಾಗವಹಿಸುತ್ತಿರಲಿಲ್ಲ.

ಪ್ರೊಫೆಸರ್-ಗಳ ಮುಂದೆ ಶ್ರದ್ಧಾ-ಭಕ್ತಿಗಳನ್ನು ಪ್ರದರ್ಶಿಸುತ್ತಾ ಇದ್ದೂ, ಪುಂಡುತನ ಮಾಡ್ತಾ ಇದ್ದಿದ್ದು ನಮ್ಮ ಗುಂಪೇ. ಒಂದು ಬಾರಿ, ಯಾವೋ ವಿಷಯಕ್ಕೆ ವಿಪರೀತ ತಲೆಹರಟೆ ಮಾಡಿದ್ದಕ್ಕೆ, ಹಾಸ್ಟೆಲ್‌ನಲ್ಲಿ ಸೀಟು ಕೊಡಲ್ಪಡಲಿಲ್ಲ ಅಂದ್ರು. ಆಗ, ಮೆಕ್ಯಾನಿಕಲ್ ವಿಭಾಗದ ಪ್ರೊ||ಗುಂಡುರಾವ್‌ರವರ ಕಾಲಿಗೆ ಬಿದ್ದು ಹೇಗೋ ಸೀಟು ಪಡೆದೆ.

ಎಂಜಿನಿಯರಿಂಗ್‌ನ ನಾನು Drawing Board/ Slide rule ಉಪಯೋಗಿಸದೇ ಮುಗಿಸ್ತೆ. Clarke's Table ಅಷ್ಟೇ ಉಪಯೋಗಿಸಿದ್ದು, Calculator ನೋಡೇ ಇರಲಿಲ್ಲ. ಅವೆಲ್ಲಾ ಭಾರಿ ದುಬಾರಿ ವಸ್ತುಗಳಾಗಿದ್ದವು ಆಗ. ನಾನು ಪ್ರಶ್ನೆಪತ್ರಿಕೆಗಳನ್ನು ದ್ವೇಷಿಸುತ್ತಿದ್ದೆ. ನನಗೆ Formulaಗಳನ್ನು ನೆನಪಿಟ್ಟುಕೊಳ್ಳಲು ಆಗ್ತಾನೇ ಇರಲಿಲ್ಲ. ಒಂದು ವರ್ಷದಲ್ಲಿ ಓದಿದ್ದನ್ನು ಒಂದೇ ಸರ್ತಿ ಕಕ್ಕಬೇಕಲ್ಲ ಎಂದು ಬಹಳ ದುಃಖ ಆಗುತ್ತಿತ್ತು.

(ನಾ) ಕೊನೆ ಪ್ರಶ್ನೆ ಸರ್ (ಸಾಕ್ರಯ್ಯ ಇಷ್ಟು ಅಂತ ಹೇಳಿದ್ದಕ್ಕೆ, ನಾವು ಕೇಳಿದ್ದು)- "ಭವಿಷ್ಯದಲ್ಲಿ ಯುವಿಸಿಇ ಹೇಗಿರಬೇಕು?"

(ದ) ಐಐಎಸ್‌ಇಯಲ್ಲಿ ಇರೋ ಥರ culture ಬೆಳೆಬೇಕು. ಅಂತಹ ವಾತಾವರಣ ನಿರ್ಮಾಣ ಆಗಬೇಕು. Intellectual Atmosphere ಇದ್ದೆ ವಿದ್ಯಾರ್ಥಿಗಳಿಗೆ ಪ್ರೋತ್ಸಾಹ ಸಿಕ್ಕುತ್ತೆ. ಪ್ರೊಫೆಸರ್-ಗಳ ಮತ್ತು ವಿದ್ಯಾರ್ಥಿಗಳ ನಡುವೆ ಒಂದು ಆತ್ಮೀಯತೆ ಬೆಳೆಯಬೇಕು. ಈ ಬಾಂಧವ್ಯ ಅಭಿವೃದ್ಧಿಗೆ ಪೂರಕ. Mentorship concept ಬಂದ್ರೆ ಪ್ರತಿಯೊಬ್ಬ ವಿದ್ಯಾರ್ಥಿಗೆ personal attention ಸಿಗುತ್ತೆ. ಇದು ಬಹಳ ಮಹತ್ವದ್ದು. Project work ಮುಂತಾದವುಗಳಿಗೆ ಇದು ಬಹಳ ಸಹಾಯಕಾರಿ. ಇವೆಲ್ಲವೂ ಸಹ ಆಗಬೇಕಾದರೆ, ಯುವಿಸಿಇ ಬಹುಶಃ ಒಂದು Quantum Leap ಅನ್ನು ತೆಗೆದುಕೊಳ್ಳಬೇಕಾಗುತ್ತದೆ.

ಹೀಗೆ ಸಂದರ್ಶನ ಮುಗಿಸುವಷ್ಟರಲ್ಲಿ, ಫ್ಲೂಟಿ, ಬಿಸ್ಕೆಟ್ ಸೇವನೆ ಆಗಿತ್ತು. ಅವರೇ ಸ್ವತಃ ನಮ್ಮನ್ನು ಬೀಳ್ಕೊಡಲು ಗೇಟಿನವರೆಗೆ ಬಂದರು. ಈ ಆಪ್ತ ಮಾತುಕತೆ ಸದಾ ನಮ್ಮ ನೆನಪಿನ ತಿಜೋರಿಯಲ್ಲಿ ಭದ್ರವಾಗಿರುತ್ತದೆ. ನಿಮ್ಮೊಂದಿಗೆ ಈ ಅನುಭವವನ್ನು ಹಂಚಿಕೊಳ್ಳಲು ಬಹಳ ಸಂತಸವಾಗುತ್ತಿದೆ.

Sir M V's Speech - Words of Wisdom from the eminent statesman

This section of the speech(Part-5) is the continuation from the previous edition where it was initiated. Please go through the previous edition to follow the legendary speech of the legendary statesman, Sir MV..!!

If, on the contrary, there is neglect or inadequate progress, an alarm should be raised by the Committee so that men in charge may be changed and further revised arrangements made to ensure progress according to programme. Consideration should of course be given when any unforeseen defects and handicaps have been encountered during the quarter.

Under this arrangement the responsibility will be thrown also on the officers and contractors in immediate charge of the work. Unless the element of fear or hope is introduced in this manner and honest effective supervision maintained, satisfactory progress of the plan cannot be ensured.

I am informed that the Government of India have sanctioned a grant of Rs. 10 lakhs to the four Engineering Colleges in the State on condition that the Colleges restrict the number of annual admissions to a total of 360 students in all against 614 admitted last year. The Government have done this with a view to increasing efficiency and orders seem to have been issued on the recommendations of a Committee.

The usual practice when a grant is given is to increase facilities for admissions. Reduction in this case would be unfortunate in more respects than one as there is a great demand for engineering education at present. The past freedom given to these Colleges, it is universally admitted, has done much good and brought remunerative employment to many young men. It seems premature to bring in restrictions to admissions at this stage. It seems desirable to leave the number of admissions at the present level, unaffected for perhaps another six years, until there is a surfeit in the supply of engineers in Mysore and neighboring States.

ENGINEERING MARVELS-

Very recently, I had occasion to collect a list of engineering marvels, or structures of unusual size or importance, nearly all of which I had seen in various parts of the world during my travels. I will give some of them here as they may interest the student population in the audience.

1. The highest among buildings in New York, known as sky-scrappers is the Empire State Building, 1,472 feet or more than a quarter of a mile high. It is made up of 102 storeys stand has enough floor space to shelter a city of 80,000 people. The highest building in India is the Government Secretariat in Calcutta recently constructed which is 13 storeys high.
2. The Eiffel Tower in Paris which is 985 feet high is the highest of its kind in Europe.
3. Visitors to England are aware that a road is taken under the River Thames in London through a subway or tunnel built underneath it.
4. The Ocean Channel which separates the district of Detroit in the United States of America from Canada is similarly crossed by a subway or tunnel of comparatively larger size, and motor cars and conveyances of every kind constantly cross and recross this subway with the ocean channel overhead.
5. Citizens travel in underground or tube railways both in London and New York.
6. The highest masonry dam built as a multipurpose reservoir is the Boulder Dam on the Colorado river in the United States of America. This dam is 726 feet high from the lowest point in the foundation to the crown of the roadway.
7. Persons who get into a railway car at night in Berlin (Germany) wake up in the Stockholm (Sweden) next morning after crossing 60 miles of the Baltic Sea. sewers were kept well ventilated and clean even at such depths particularly at times of inspection.

My memoirs of UVCE and the journey thereafter....

When I was approached by Team Sampada to write an article, the first thought that rang in my mind was, “Why, of all, me..???”. But slowly when I started writing the past 7 years of my life in a page, I saw the rushes of what had gone through and it was like a cricket highlights match. It comprised of only 4s and 6s. So entertaining!!!

I have fallen in love with nostalgia ever since I started writing this piece. It all started with the celebrations at my household with the good ranking I had got in CET, the next picture moved to the day when I sat with my dad on his legacy Kinetic Honda and 40 minutes later, I was there..! I was in the place where I spent 4 memorable years and my alter-home, UVCE! Though many of my friends were averse to the idea of joining UVCE, I liked the way my elder sister was enjoying her stay @ UVCE. So without much thought, I had said UVCE, to the officer in CET cell. There was the beginning. I somehow liked the way UVCE functioned – Freedom Redefined.

One of my friends says, UVCE is like India in a nutshell. You get to see lot of diversity. I made friends with so many people, who came from different corners of India, their culture, beliefs like what the title track of Satyamev Jayate depicts. As I was casually getting acquainted to the offerings of UVCE, we had to face the first bombshell, the Internals. Our initial preparation for that was bigger than what we had prepared during PUC exams. I like it because; never afterwards did we attach so much of importance to internals. I liked listening to the Lecturers. Soon the 1st semester exams were announced. Again a new set of learning; that you don't have to study everything in syllabus, that 5 out of 8 were enough to get 100%. I cleared the exams; actually I was happy with the results I got too.

Attended my first fest in UVCE, it was a different experience altogether as they were totally new to me and was very colourful just like looking through the kaleidoscope. As we moved to the 2nd year, we didn't realize that we were already a year old in the college and will be called seniors. Suddenly we had juniors asking us for text books, notes and tips about exams and we were able to guide them too. There began our marathon. Running around Avenue Road searching for the reference books, text books with an occasional visit to the chat shops there used to end the day. The visits became frequent afterwards though. In 3rd year, I started participating in all the technical and cultural fests. Be it organizing or participating, I wanted to be a part of it. It gives an immense joy and is an amazing experience in itself!

Slowly our placement process started. All of us were apprehensive about it. We were keen on getting into a company to secure our future. Sometimes it was depressing if I couldn't get through a company. But it actually motivated me to prepare well for the next company and give a better try. As each of us had an offer by at least one company by end of 3rd year, we were all happy that we were placed and had a feeling that we have achieved something.

By fourth year though, college life changed a bit. As all of us were working on our projects we were out of college or not in class for most of the week. Had most of our classes on weekend! As our exams approached, we started to realize that these will be our last days in college and we wanted to cherish these last moments of joy! Went for some fun trips, stayed in college even when we had no classes.. We just wanted to be with each other. Had lot of fun on ethnic day, farewell party etc.. I cherish all those memoirs. It was one of the best four years of my life! I know it is really hard to sum up the 4 beautiful years of college. People who are good writing can write multiple parts of the book or multiple of seasons of a sitcom can be made too.

The rushes kind of took an abrupt stop here, as my mom called me out for dinner..! The next episode, post dinner was about my professional life. All of us got placed in good companies and after a break of 2 months or so I started working! When I joined the Software company, it was like a mini UVCE as I used to see all my college mates around and company did not feel very alien to me. Though this is a life sustaining phase, I really do want to go back to college. The experience is un-match-able. UVCE had a great impact in shaping my career and I would like to take this opportunity to thank UVCE for making me what I am today!

Aargh..! sleepy. See. That is what professional life can do to you. Makes you sleep..!

Shravanthi (2009 ECE)

ಬೆಳೆಯುವ ಸಿರಿ ಮೊಳಕೆಯಲ್ಲೆ !!!

೨೦೦೯ನೇ ಸಾಲಿನ ವಿದ್ಯಾರ್ಥಿಯಾದ ಸಂಜು ಪಾಟೀಲ್ ಬಳಿ ನಡೆದ ಸಂಕ್ಷಿಪ್ತ ಸಂಭಾಷಣೆ ಇಲ್ಲಿದೆ -

(ನಾ) - ಪೂರ್ವಾಶ್ರಮದ ಬಗ್ಗೆ ಸ್ವಲ್ಪ...

(ಸಂ) - ನನ್ನ ಹೆಸರು ಸಂಜು ಪಾಟೀಲ್‌ರಿಯ. ನಮ್ಮೂರು ಬೆಳ್ಳಾವ್ ಜಿಲ್ಲೆ, ಚಿಕ್ಕೋಡಿ ತಾಲ್ಲೂಕಿನ ಮಜಲಟ್ಟಿರಿ... ನಾವೆಲ್ಲಾ ಅಲ್ಲೇ ಓದಿ ಬೆಳೆದವಿರಿ. ೨೦೦೫ರಲ್ಲಿ ಸರ್ಕಾರಿ ಪಿಯು ಕಾಲೇಜಿನಲ್ಲಿ ಪಾಸಾಗಿ, ಆಮೇಲೆ ಯುವಿಸಿಇಯಲ್ಲಿ ಎಂಜಿನಿಯರಿಂಗ್ ಮುಗಿಸಿದೆವು. ಈಗ ಒಂದು ಸಾರ್ವಜನಿಕ ಕಂಪನಿಯಲ್ಲಿ ಉದ್ಯೋಗಿ.

(ನಾ) - ಬಹಳ ಸಂತೋಷ.. ಯುವಿಸಿಇ ಕುರಿತು ನಿಮ್ಮ ಅಭಿಪ್ರಾಯ? ಮತ್ತೆ ನೀವು ಇದರ ಬಗ್ಗೆ ಸದ್ದಿಲ್ಲದೇ ನಡೆಸುತ್ತಿರುವ ಪ್ರಚಾರದ ಕುರಿತು ಸ್ವಲ್ಪ ವಿವರ

(ಸಂ) - ನಮ್ಮ ಅಭಿಪ್ರಾಯದಲ್ಲಿ ಯುವಿಸಿಇ ಭಾಳ ಬೆಸೆಟ್‌ಅದರಿ. ನಮ್ಮಂತಹ ಹಳ್ಳಿಯಿಂದ ಬಂದ ವಿದ್ಯಾರ್ಥಿಗಳಿಗೆ ಅಗ್ಗಿ ಛಲೋ ಕಾಲೇಜ್ ನೋಡಿ. ಅತ್ಯಂತ ಹಳೇ ಕಾಲದಿಂದ ನಡ್ಕೊಂಡು ಬಂದದ. ಅದಲ್ಲ ಕಾಲೇಜ್ ಫೀಸ್ ಕೂಡ ಅಗ್ಗಿ ಕಡಿಮೆ ಅದ. ಹಳ್ಳಿಯಿಂದ ಕಷ್ಟಪಟ್ಟು ಬಂದೋರಿಗೆ ಹೇಳಿಮಾಡಿಸಿದ ಕಾಲೇಜ್‌ರಿಯ ಇದು. ಸ್ಕಾಲರ್ ಶಿಪ್ ಕೂಡ ಸಿಗ್ತದ. ಲೈಬ್ರರಿ, ಲ್ಯಾಬ್ ಮತ್ತೆ ಬೇರೆ ಎಲ್ಲ ವ್ಯವಸ್ಥೆ ಚಲೋ ಅದ. ೧೦೦% Placement ಅದ. ಇದೆಲ್ಲದ್ರ ಸಲುವಾಗಿ ನಾವೆಲ್ಲ ನಮ್ಮ ಹಳ್ಳಿಗೆ ಹೋಗಿ, ನಮ್ಮ ಕಾಲೇಜ್‌ನಲ್ಲಿ ಇದರ ಬಗ್ಗೆ ಮಾತಾಡ್ತೀವಿ. ಇದರ ಬಗ್ಗೆ ಅರಿವು ಮೂಡಿಸಿ, ತಿಳುವಳಿಕೆ ನೀಡಿ, ಇನ್ನಷ್ಟು ಜನ ಇಲ್ಲಿಗೆ ಬರೋ ಹಂಗು ಮಾಡ್ತೀವಿ. ಹಳೆ ವಿದ್ಯಾರ್ಥಿಗಳು, ನಮ್ಮೂರ ಹುಡುಗು ಅಂತ ಭಾಳ ಮಂದಿ ಕಿವಿಗೊಟ್ಟು ಕೇಳ್ತಾರಿ. ಭಾಳ ಖುಷಿ ಆಗ್ತದ, ಹೆಮ್ಮೆ ಅನ್ವ ದ.. ಅದೆಲ್ಲದ್ರ ಜತಿ ಇಲ್ಲಿ ಬೆಂಗಳೂರಿನ ವಾತವರಣ ನಮಗ ಹೊರಜಗತ್ತಿನ ಪರಿಚಯ ಮಾಡ್ತಿದ. ಇತರ ಹುಡುಗು ಸಂಗಡ ಮಾತಾಡೋ ಸಲುವಾಗಿ ಇನ್ನಷ್ಟು ಕಲಿತೀವಿ.

(ನಾ) ಇಲ್ಲಿವರೆಗೆ ಇದರ ಪರಿಣಾಮ ಎಷ್ಟು ಆಗಿದೆ?

(ಸಂ) - ಹೆಚ್ಚು ಕಡಿಮೆ ಒಂದು ನಲ್ವತ್ತು ಜನ ಸೇರಿರಬಹುದಿ. ಸೇರಿದೋ ನಾವೆಲ್ಲಾ ಪ್ರತಿ ವರ್ಷ ನಮ್ಮ ಹಳ್ಳಿಗೆ ಹೋಗಿ ಅಲ್ಲಿ ಮತ್ತೆ ಯುವಿಸಿಇ ಕುರಿತ ನಮ್ಮ ಅಭಿಯಾನವನ್ನು ಮುಂದುವರೆಸ್ತೀವಿ. ಪಿಯು ಹುಡುಗು ಹತ್ರ ಯುವಿಸಿಇ ಬಗ್ಗೆ, ನಮ್ಮ ನೆನಪುಗಳ ಬಗ್ಗೆ ಮಾತಾಡೋಕೆ ಭಾಳ ಖುಷಿ ಅನ್ನಿಸ್ತದ.

(ನಾ) - ಓಹ್, ಅದ್ಭುತ.. ಮುಂದಿನ ಯೋಜನೆಗಳು ?

(ಸಂ) - ಬರೋಬರಿ ಮಾತಾಡಿ ಇನ್ನಷ್ಟು ಜನ ಹುಡುಗುನ್ನ ಕರೆಸಬೇಕ್ರಿ. ಮುಂದಿನ ಸಲ ವಿಷನ್ ಯುವಿಸಿಇ ತಂಡದವು ನಮ್ಮೊತ ನಮ್ಮೂರಿಗೆ ಬರಬೇಕ್ರಿ. ಬಂದು ಅಲ್ಲಿ ವಿದ್ಯಾರ್ಥಿಗಳ ಜತೆ ಸಂವಾದ ನಡೆಸಬೇಕ್ರಿ. ಯುವಿಸಿಇ ಹೆಸರು ಇನ್ನಷ್ಟು ಹೆಚ್ಚಬೇಕ್ರಿ. ಅದ್ಕೆ ಏನ್ ಸಹಾಯ ಬೇಕಿದ್ರೂ ಮಾಡೋಕೆ ನಾವು ತಯಾರ್ !!

(ನಾ) - ಖಂಡಿತ ಬರ್ತೀವಿ... ಎಲ್ಲರ ಸಹಾಯ-ಪೋಷಣೆ ಇದ್ದರೇನೆ ವಿಷನ್-ಯುವಿಸಿಇ ಉಳಿಸಲು, ಬೆಳೆಸಲು, ಮುಂದುವರೆಸಲು ಸಾಧ್ಯ.. ನಿಮ್ಮ ಈ ಪ್ರಯತ್ನಕ್ಕೆ ಶುಭ ಕೋರುತ್ತೆ, ನಮ್ಮ ಬೆಂಬಲ ಸದಾ ನಿಮ್ಮ ಜತೆ ಇರುತ್ತದೆ ಎಂದು ಹೇಳಲು ಬಯಸುತ್ತೇವೆ. ಧನ್ಯವಾದಗಳು !!!
